

Chapelford Village Primary School

NEWSLETTER

Friday 23rd July 2021

We have had another extremely busy final week in Chapelford with lots of hard work from all the children, it is great to see everyone enjoying their learning.

The EYFS children were very excited to spend some time meeting their new teachers. They spent Monday morning getting to know each other and taking part in lots of fun activities. They were all so eager to tell their current teachers how their morning had been. They then discussed the similarities and differences in year 1. The children have also been busy practising for their graduation. They have been learning their song and some children have been sharing their favourite memories of EYFS. The children are very excited for their parents to see their end of year class assembly. Well done EYFS, you have been wonderful!

In Year 1 the children have been enjoying learning about poetry and rhyming words. They have looked at different fruits and read the poem Plum by Tony Mitton. They then used what they had learnt to write their own fruit poems. The children have designed, made and evaluated a moving vehicle in Design Technology and have learnt about money in Maths.

Year 2 have had such a fantastic week to finish an amazing year off. In Science, the children have been learning about food chains and have played a game to match up the producer with their consumers. In DT, the children have planned, made and evaluated fantastic trollies to help palaeontologists like Mary Anning collect fossils. The trollies had to be robust, waterproof and be able to move on wheels and all of the children did such a great job! In Maths, the children have been comparing the temperatures of different countries and have been helping their teachers decide where to go on holiday based on their knowledge of temperature. The Year 2 teachers would like to say a massive well done to all of their pupils. They have made them unbelievably proud and they have thoroughly enjoyed every minute of teaching them. Well done Year 2, you are all true superstars!

The last week in Year 3 has been full of learning, fun and laughter! The children have enjoyed their science learning looking at shadows and making a shadow puppet show. All the classes have enjoyed completing their DT projects making a tower bridge lever and most of them were successful! They have also looked at how to be safe in the sun and have watched videos and created posters to inform. The children were all shocked at how dangerous the sun can actually be. Year 3 has been a year the teachers and children have all thoroughly enjoyed and will remember. The teachers hope everyone has a long, well-deserved summer break.

Year 4 have enjoyed a sunny last week in year 4, starting their week with a visit from their new year 5 teachers! The children have been busy writing their own version of Wisp A story of hope in English, showcasing this terms mastery skills! They have also planned and prepared a science experiment were they made and observed puddles in different parts of the playground to see how quickly they evaporated in the different conditions. The children then completed another experiment looking at the water cycle and condensation as part of their science module; states of matter. Finally, to end a very busy week they completed their DT project 'levers and linkages'. They evaluated existing products which then helped them to plan their final product which they then made and evaluated.

This week has been super exciting for Year 5 as their new teachers have finally been revealed! Did you guess correctly? Although the teachers are all excited to see them grow up and move in to Year 6, they are sad to see them go but know how wonderful each and everyone is! They have spent the week celebrating and they can't wait for them to embark on their next journey. Good luck and have a lovely summer!

As it comes to the end of Year 6's final week of primary school, celebrations were at the ready! The children had their festival day in person and virtually, filled with music, games and food. It was a day to truly remember and the teachers thought it was an amazing way to say goodbye to their wonderful children!

Wishing you all a wonderful break with your families.

Kindest regards

Mrs Joanne Hewson
Headteacher

Star Learner

1. Lila	12. Cerys
2. All of Class 2	13. Billy
3. All of Class 3	14. Romaysa, Eliza & Miley
4. Maanvi	15. Alvan
5. All of Class 5	16. Anthony
6. Luca	17. All of Class 17
7. Frankie	18. Isabella
8. All of Class 8	19. All of Class 19
9. All of Class 9	20. Amelia
10. Maya	21. All of Class 21
11. Poppy & Alfie	

Reader of the Week

1. Chile	12. Phoebe
2. Franklin	13. Summer
3. Louka	14. Poppy
4. Tom	15. Lily
5. All of Class 5	16. Lola
6. Jack C	17. Rebecca
7. Leo	18. Aashna
8. All of Class 8	19. Chloe

Swimming notice for Year 5

Starting in September 2021 Year 5 will be commencing swimming lessons.

These will be taking place every Monday at Sankey Hub for 10 weeks starting on Monday 13th September.

(No lesson Monday 1st November)

Letters with more details will be sent out on the first week back in September.

FOX HOWL RESIDENTIAL

For September 2021 we have organised a residential for Year 3 (current Year 2), As always this a wonderful opportunity for the Children.

A £10 deposit is required by today Friday 23rd July to secure your child's place for this exciting trip. All payments are to be made via ParentmailPMX

Class 10 will be visiting Monday 13th - Tuesday 14th Sept

Class 11 will be visiting Tuesday 14th - Wednesday 15th Sept

Class 12 will be visiting Wednesday 15th - Thursday 16th Sept

Out of School Achievements

Congratulation and well done to

Mayama from Class 7 took part in a Gymnastics Competition over the weekend, she won 2 Gold Medals, 3 Silver medals and even won a Trophy for being the overall winner.

Betsy from Class 12 and **Elsie** from Class 5 were both given their swimming certificates from June for Learn to Swim level 5 and their 50 metres distance swim today in their swimming lesson.

Eliza from Class 13 had to go for a music exam last week - I'm pleased to say she passed with flying colours, gaining her Grade 1 Electronic Keyboard exam with a pass mark of 81%.
