

Snakes and Ladders with Times Tables Facts up to 12 × 12 Game

You will need:

- dice
- one counter per player

How to play:

- 1 Players take it in turns to roll the dice. The player with the highest number goes first, the player with the second highest goes second and so on.
- 2 When it's their turn, players move the counter the number of spaces shown on the dice and answer the calculation they land on.
- 3 If the answer given to the calculation is correct, play continues as usual:
 - landing on a snake's head - the player's counter slides down;
 - landing at the bottom of a ladder - the player's counter climbs up.
- 4 If the answer given to the calculation is incorrect, the player misses a go.
- 5 The first player to reach the finish is the winner!
