Aims:

"Learn, Achieve, Respect"

- **To Learn:** to provide an exceptional primary education for all children that is creative, inspiring, challenging and purposeful to allow all children to become articulate and independent, responsible, and confident citizens of the future.
- **To Achieve:** to provide an exceptional primary education for all children that promotes and nurtures beliefs and values that allow all pupils to achieve their potential.
- **To Respect:** to provide an exceptional primary education for all children that promotes mutual respect for individual talents and diversity regardless of race, gender, disability, sexual orientation or ethnicity.

Mission and Vision:

In association with Rebecca Wray - Coaching Consultancy, we worked on establishing a school Mission statement and Vision for the future. We developed 3 alternative Mission and Vision statements which were then put to a vote. As a result, we have established the following as our Mission statement and our collective Vision for our school's future.

Our Mission...

**"We are a learning family with high expectations,
working together in partnership, embracing and developing individual talents
and inspiring the personal growth of our family members.
Through a creative approach where enjoyment is key,
we encourage everyone to
learn, achieve and respect."**

Our Vision is to become ...

**"An exceptional school, recognised for inspiring and challenging individuals
to achieve their dreams.
Our families are instrumental in developing
a lifelong love of learning.
We will be respectful, happy and healthy citizens of the future."**

Values:

At the heart of our school are a set of core values. These underpin all aspects of our curriculum and school life. Our Character Curriculum, called Commando Joe, provides children with essential life skills and character skills; giving children the foundations to achieve, be resilient, tolerate others and make great choices for life- inside and outside of school. The curriculum follows a **RESPECT** framework, which allows children to develop their: resilience, empathy, self-awareness, passion, excellence, communication and teamwork.

In line with this, to emphasise the importance of these qualities, we have planned our values, so that each term celebrates one of the above qualities. This gives the children the chance to explore and learn more about each quality, whilst giving them the opportunity to be recognised for showing and demonstrating them, by achieving a certificate each week in our values assembly.

British Values and Community Cohesion

At Chapelford Village Primary School, we are committed to the development of community cohesion and the prevention of extremism and radicalisation both within our school's physical boundaries and within our local, national and global environments. We are also committed to respond to community concerns or local disturbances in a positive way which supports British democratic society.

We believe that sharing our values with parents, carers and our community is essential in supporting our children through their journey in school and life. We acknowledge and understand the importance of the role that our community has to play and appreciate the need to inform them of the values work that we do.

We will ensure that:

- We share our values work through newsletters, website and value of the half term certificates.
- Share resources, as appropriate, with parents and children, so that values work can be followed up at home.
- Parents can have access to information regarding the curriculum via the school website so they can fully understand the principles behind our curriculum and values education.
- Parents, carers and our community can celebrate our values work through assemblies, newsletters and the school website.
- Celebrate and embrace the diversity of our community.

Values Programme

Our values work promotes introducing values and developing children's understanding of these. The values promoted underpin all developments and policies at Chapelford Village Primary School.

The school follows an annual programme for festivals and religious celebrations to develop respect and tolerance. The values are introduced each month through values assemblies and then planned in

to curriculum work across the school. Circle time and PSHCE lessons will be used as formal opportunities to discuss and promote values within each classroom with informal opportunities being used whenever possible.

Promoting British Values at Chapelford Village Primary School

In 2011, the government defined British Values as democracy, **the rule of the law, individual liberty, mutual respect and tolerance of different faiths and beliefs**. We promote these values through our own school values, curriculum and enrichment activities.
