

Wednesday 12th November 2025

Consent for Local Area Walk – Geography Learning

Dear parents and carers,

As part of our wider curriculum learning, we would like to take the children out of the school grounds to participate in a short walk within our local area **on Wednesday 19th November 2025** to carry out some geography fieldwork. This will take place within the school day. Each class will take a short walk outside the school grounds in Chapelford to carry out some hands-on fieldwork linked to our current topic on environmental issues. The aim of this visit is to explore local environmental issues and discuss ways in which we can all help. We believe that exploring the local area offers valuable learning opportunities and enhances the children's educational experience.

The children will be taken in groups, accompanied by their class teacher. A full risk assessment will be completed prior to each group leaving school, and all children will be thoroughly briefed on how to stay safe during the walk. If your child uses an inhaler, this will be taken with them.

To give permission for your child to take part, please complete the electronic consent form by **Monday 17th November 2025**. If you have any questions, please contact your child's class teacher, who will be more than happy to support.

Yours sincerely,

Mrs A Astley
