Year 3 and 4 Multiplication information evening

Dear Parents and Carers,

We hope that this letter finds you and your families well at this time. We would like to inform parents of our Year 3 and 4 children about a Multiplication Information evening on **Thursday 2nd December at 5:00pm**. Unfortunately, our current COVID risk assessment restricts a face to face meeting, so the evening will be in the form of an online presentation with some pre-recorded videos. The session will be recorded and added to our school website after the event for further reference.

As multiplication is the foundation to so many areas of maths, a secure knowledge of all times tables to 12 by the end of year 4 really makes a difference to future success and confidence in maths. The aim of this evening is to provide information, strategies and quick games with which to support your child with learning their times tables. Additionally, there will be information on the statutory multiplication test which year 4 children will take this academic year. All of the information from this evening will remain available after this time on our school website for you to view at your own convenience.

There will also be an opportunity within this evening for parents to ask any questions regarding multiplication as the teachers will be available on line to answer your questions and provide you with an immediate response. We ask that you please direct your questions to our Year 3 Lead, Miss Webb (awebb@chapelfordvillageprimary.co.uk) or the Year 4 Lead, Mrs Bracegirdle (kbracegirdle@chapelfordvillageprimary.co.uk) via email. If you do choose to view this information at a later date, please continue to direct your emails to this address and we will endeavour to respond as soon as possible.

Thank you for your support, patience and understanding at this time and please do not hesitate to get in touch via the above email should you have a further query.

Kindest regards,

Nichola Stewart
Assistant headteacher
