

Dear Elm class,

Welcome back to another week of home learning! I hope you have had an amazing week back at school or continuing learning from home.. I've loved the work and videos you have been sending in. Please choose the activities that you find most suitable for your learning. I know many people have been baking and gardening as well as doing lots of arts and crafts. Please do not stress about getting every activity completed, we do not want the activities below to become a source of extra stress for you. The most important jobs to prioritise this week are reading, writing and the white rose maths. I am still always available by email at [cbowers@chestertonprimary.org](mailto:cbowers@chestertonprimary.org) if you have any questions or would like to show me some of the work you have doing. Please remember that you need to be reading daily. This could be books, recipes, instructions, magazines or letters.

Have an amazing week if you are still learning from home, otherwise I look forward to having another fantastic week with those in school,

Miss Bowers.

### Questions

1. What is the difference between a question and other sentences? How can we tell if a sentence is a question? Watch the video all about questions  
<https://www.youtube.com/watch?v=Ecdm0A7IfpA>  
It is important to remember that questions ask somebody for information but commands tell somebody to do something.

Rewrite the following sentences and put a 'Q' or a 'C' after it to say whether it is a question or command.

- a) Tidy your room!
- b) Would you like some cheese?
- c) Which way to the doctor's?
- d) Get me some new socks!
- e) Is this a command?
- f) Check your work carefully.
- g) Stand on your head.

Add the correct punctuation to these sentences:

- a) Go back in the classroom\_\_
- b) Finish your dinner and go out to play\_\_

### Additional suggested tasks:

Read a story and see how many questions it has in it.

Write a poem all about summer.

Write a letter to a friend telling them what you have been doing.

Remember to ask them lots of questions as well!

c) How high will your kite fly \_\_\_

d) Meet us in Sydney \_\_\_

e) Is London the capital of England \_\_\_

f) Stop fighting \_\_\_

2. What words do we know that change a sentence into a question. If a sentence starts with how, what, when, where, why, will it be a question or a command?

Change these commands into question by changing some of the words. The first I has been done for you.

e.g.	Get them from over there.	<i>Please can you get them from over there?</i>
a)	Tell me which way to go.	
b)	Remember to dry your wet clothes.	
c)	Go back and get them.	
d)	Touch your toes.	
e)	Get ready for bed.	

Blank area for writing responses.

3. Commands tell us to do something. Practise giving someone some commands around your house. Watch the video

[https://www.youtube.com/watch?v=n\\_foMADqjSc](https://www.youtube.com/watch?v=n_foMADqjSc)

Write at least 5 commands that you would give a dog if you were taking it on a walk.

4. Imagine you are a waiter in a restaurant or café. Write 5 questions that you would need to ask somebody coming to eat there. E.g.

How many people do you need a table for?

5. Imagine you are interviewing an alien from mars. What questions would you ask them? Write interview questions for them and write their answers after.

Here you will be able to access a lesson a day of maths, there is a video of what to do. Whiterose has unfortunately stopped providing free worksheets for each day. I will attach a separate email containing the worksheets. BBC Bitesize are offering daily videos that would be very useful to watch alternatively.
