Parents may also be consulted on issues that they may be expected to have views and concerns on (e.g. security; safeguarding of pupils; road safety). The Headteacher/Principal may determine the amount and manner of the consultation and will report the decision to the Governing Body.

5. Organisation

5.1 Structure

- **The Active Learning Trust** as the employer has overall responsibility for the policies and procedures in the School;
- **The Local Governing Body** has responsibility for local arrangements in the School and ensuring that reports are made to ALT.
- The **School Health and Safety Committee** will consider and make recommendations on overall health and safety issues affecting the School and will report to the Headteacher/Principal;
- **The Headteacher/Principal** has overall responsibility for the internal management of the School policies and procedures and reporting to the **Local Governing Body**;
- **The HSM(s)** has the responsibility for the day to day management, co-ordination and implementation of the policy and for liaising with contractors, and reporting to the Headteacher/Principal;
- **Heads of Areas/Departments** have responsibility for Health and Safety within their areas and for reporting to the HSM;
- Regular (at least termly) **Department and Team meetings** with reports going to the HSM;
- **Union Safety Representatives** have the right to participate in the School Health and Safety Committee and to discuss health and safety issues as necessary with the HSM and/or the Headteacher/Principal;
- **Staff who are not in a union** have a right to elect a representative who will also participate in the Health and Safety Committee and to discuss health and safety issues with the HSM and/or Headteacher/Principal;

- proper use of the Handsam Health and Safety system for overall health, safety and security management

6. Risk Assessment

6.1 All members of staff in charge of a departmental 'Safety Areas' are responsible for ensuring that risks are identified and suitable and sufficient assessments and control measures are made. Members of staff must be competent to carry out appropriate risk assessments. The HSM is responsible for ensuring that all staff who complete risk assessments are suitably qualified and competent.

6.2 The School will determine its own risk assessment pro forma, which must be used by all staff or other. Completed assessments must be sent to the HSM and retained on the health and safety management system, and made accessible to all relevant staff. Relevant staff will be provided with training on the health and safety management system.

6.3 Risk Assessments must be reviewed regularly and at least once a year with a view to ensuring that the control measures have been effective.

6.4 The HSM will ensure that suitable and sufficient risk assessments are carried out, and determine which can be done locally or at School level and which by any other outside contractors. The HSM has the discretion to seek advice on appropriate delegation, and will report the reasons and response to the Headteacher/Principal.

6.5 The government advises that written risk assessments are not required for every activity. Staff should assume they only need to write down a risk assessment in exceptional circumstances. Where the Headteacher/Principal (through the HSM) determines that a risk assessment must be carried out the HSM will ensure that any significant findings of the assessment are written and recorded. A verdict of 'Risk assessed. No significant finding' is acceptable.

6.6 The government advises that some activities, especially those happening away from the School, can involve higher levels of risk. If these are annual or infrequent activities, a review of an existing assessment may be all that is needed. If it is a new activity, a specific assessment of significant risks must be carried out. The Headteacher/Principal should ensure that the person assigned with the assessment task understands the risks and is familiar with the activity that is planned. Where a risk assessment is carried out the Headteacher/Principal must ensure that the significant findings of the assessment are recorded. (The advice can be accessed via the Handsam link to the **DEPARTMENT FOR EDUCATION ADVICE ON LEGAL DUTIES AND POWERS FOR LOCAL AUTHORITIES, HEAD TEACHERS, STAFF AND GOVERNING BODIES** in the *Health and Safety Policy* category on the Handsam system.)

6.7 Where the Headteacher/Principal (through the HSM) determines that a risk assessment must be carried out the HSM will ensure that any significant findings of the assessment are written and recorded. A verdict of 'Risk assessed. No significant finding' is acceptable in appropriate circumstances.

7. Security

7.1 The School will take note of the requirements of the Security policy.

7.2 The School's security arrangements for the relevant areas are contained in the School Handbook and are also available from the HSM. **(EACH SCHOOL COULD AMEND THIS TO FIT IN WITH THEIR COMMUNICATION ARRANGEMENTS)**

The security arrangements will cover as relevant:

- The site
- The buildings
- Notices
- Control of visitors to the School
- Locks and keys
- Out-of-bounds areas
- Dealing with trespassers
- Security of staff and pupil property
- Vehicles and cycles
- Movement around the site and buildings

- Transport and pedestrians arriving at School in the morning and leaving in the afternoon
- Responsibilities for security aspects

8. Health and Safety Management Arrangements

8.1 The School will use the Handsam system of health and safety management. All relevant staff will be trained in its use.

8.2 A named HSM will be responsible for the health and safety management system, and will make regular reports to the Headteacher/Principal on the progress of the annual cycle of health and safety management, or as required.

8.3 Staff with health and safety responsibilities will be responsible for completing tasks on the management system assigned to them and recording completion in the health and safety management records in the manner laid down by the School.

8.4 The School will review individual responsibilities and ensure that there is appropriate training, compliance and documentation on an ongoing basis.

8.5 The Local Governing Body will make arrangements to review the implementation of the management system from time to time to ensure that the system is used to ensure that the School complies with law and regulations.

8.6 The Local Governing Body will receive termly reports on the implementation of its health and safety policies and procedures, and an Annual Status Review.

9. Training
