Parent Information Sessions

Dear parent / carer,

Last month I wrote to you to share details of our parent information sessions, which were scheduled to take place next Tuesday and Wednesday evening. Unfortunately, following advice from the local authority regarding visitors to non-essential events, we are having to cancel these sessions. The advice follows the rising number of positive Covid-19 cases schools have been experiencing in the county.

Although the meetings will not be able to take place, class teachers will be working on documents that will be loaded onto the class pages of our website at <https://www.chestertonprimary.org/class-pages>. These documents will be loaded onto the individual class pages next Wednesday, 20th October. Within the documents, teachers will be sharing details of:-

- The curriculum for the year group, including key topics and texts
- Visits or residential trips planned
- Timetables of the school day, sharing an outline of the lessons and experiences the children have
- Information about any assessments due to take place over the course of the year

I will be in touch again to let you know when the above information is in place on our website. The documents will be available on the class pages for you have access to throughout the year.

I apologise for any frustration or disappointment the cancellation of these sessions will cause, although I am sure you will understand the reasons why we have been given this guidance.

With thanks for your ongoing support,

Richard Martin
Interim Head Teacher
