

## Story starter

As the three friends walked towards the towering clockwork time machine, a sense of excitement and trepidation filled the air. Amelia, the curious explorer, couldn't wait to unravel the mysteries of the past, while Oliver, the ingenious inventor, imagined the endless possibilities of altering history. And then there was Evie, the sceptical realist, who believed that tampering with time could have catastrophic consequences. Little did they know that their journey would see them encounter historical figures both famous and forgotten, and confront the ultimate question: can they control time, or will time control them?

## Question time

1. What emotions do you think the three friends are feeling?
2. Can you think of any challenges or dangers they might encounter as they travel through time?
3. Imagine you could travel back in time using the clockwork time machine. Where would you go and what period in history would you like to explore?

Use your ideas from these questions to either continue the story or write your own story inspired by the picture.
