

Snow Themed

Home Learning Challenges

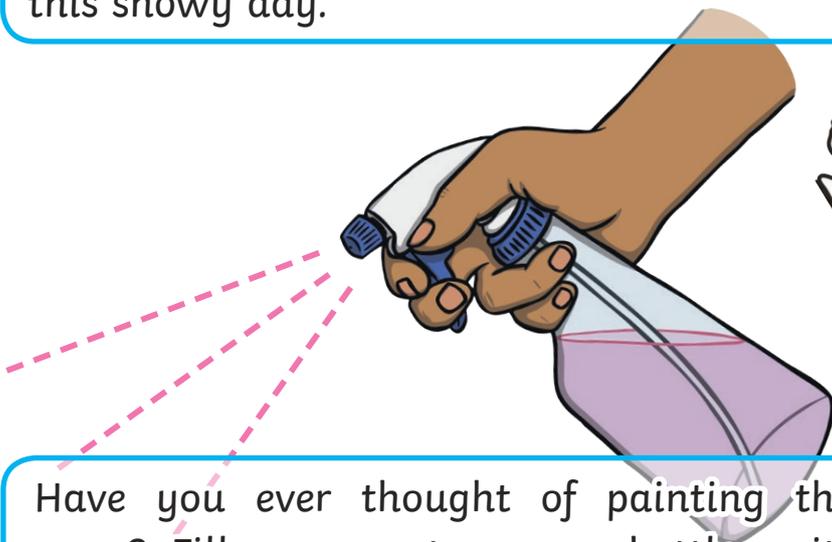

Do you want to build a snowman? If you have lots of snow you can build a wonderful snow person. Find some stones for the buttons. Can you give your snowman 10 buttons? Point to each button as you say the number.

Can you use your finger or a stick to write your name in the snow? How big can you make the letters?

Birds find it really hard to find food when it snows. Can you make a bird feeder by threading hooped cereals onto some string or a pipe cleaner? Hang it in your garden or outside a window for the birds to enjoy on this snowy day.

Collect some snow in a pot and bring it indoors. What happens to the snow? Can you watch it and talk about how it changes?

Have you ever thought of painting the snow? Fill some water spray bottles with cold water and a few drops of food colouring. See what colourful creations you can make in the snow!

Look for footprints in the snow. Can you see where people have been walking? Can you spot any other prints? Maybe from a dog, a bird or a cat! Can you make footprints too? Make a trail of footprints for someone to follow.
