Welcome back!

I hope you all had a good half-term break. The children have come back keen to learn and very happy.

Thank you to all of the parents who logged on to their meetings with the teachers this week. It is great for us to have the opportunity to share our thinking with you.

We said a sad goodbye to Shopna and Asma just before the half-term. They had both been at the school for many years and had made a decision to move on to new and exciting pastures. We will miss them and thank them for all of their hard work over the years.

We have a new teacher in school, Maleeha, who will be working with individuals and groups of children. These children will be from Years 2 & 6.

On the Inset Day at the end of the term, the teachers, support staff and leadership team had meetings to discuss the progress of each of the classes. From here we decided if changes needed to be made, additional support removed or put in place, and any specific intervention groups that might be needed. We will be working with small groups of children who might be showing a specific gap in their learning or understanding, which we think the additional support will help with. Some groups will last for longer, others might just be for 6 weeks, or even, sometimes just a group being given extra support for something they didn't understand the day before.

Enjoy the fireworks!

Sharon

On Monday 15th November we will have an online session for parents, run by Tower Hamlets: "Keeping children safe online". More details and zoom invite to follow.
