Hello

What a warm week. We've cranked up the heating and are all sweltering! But at least the new hot water system is working.

Children in Need activities have been underway all week culminating in spotty children and staff today. The two closed bubbles have not been left out and wore something spotty in their Google Meets!

We now have some laptops to loan to families who need them when their bubble closes. Please let us know via email if this happens and you need a device. If your child's bubble is closed, the Government are clear this is still a 'school day' and children are expected to engage in the learning on Google classroom daily.

Although we can't have whole school assemblies, all classes had a Remembrance Day assembly focussing on 'Service and Sacrifice' which considered those serving us today such as those working in the NHS as well as those during the Wars.

All the classes are well underway with their new literacy texts and getting to know the themes and characters of their books. Please ask them about it.

Please can children not bring any hand gels, lip balms or moisturisers into school. These often fall out of pockets and can get into the hands of children with special needs or allergies and may do harm. They also can be picked up by another child and used and in these Covid times that is not safe either.

Have a lovely weekend.

Sharon, Headteacher

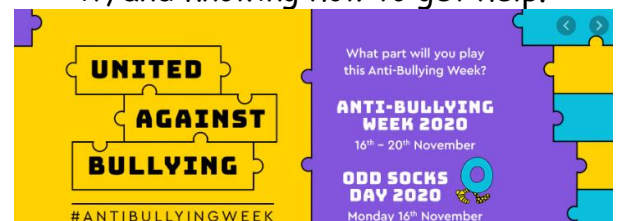

Vaccination and permission letters

Please return your flu vaccination letters and signed permission letters for class Christmas performances by Monday.
Thank you.
