

# Chisenhale Chatter

Chisenhale Primary School Bow

24/06/22

Hello,

This week, Year 1 enjoyed exploring poetry while Curly Kale class had an amazing session with Artburst - Beetroot class will have theirs next week. Year 3 created 3D flowers and made bee models to demonstrate the process of pollination. And Year 4 started reading their new core book *Oliver and the Seawigs* and encountered a talking Albatross, a wandering isle and a clumsy mermaid! Children in UKS2 took part in a conductive music workshop this week, where they used computer software to programme a microbit to play a piece of music.

Thanks to all the amazing volunteers who helped make quiz night happen last Friday, it was lovely to meet so many parents and I hope to get to know even more of you at the fair next Saturday. We are going all-out on fundraising at the moment, with the Year 6 bake sale and the charity food sale to raise money for Bangladesh as well, today

If you filled in the form to ask for one of the chrome books from the DfE please come to collect it from the school office from Monday morning.

Finally we are very sad to say goodbye to Sarah, our Assistant Head, who is off on maternity leave for a year. She has taught so many of your children and they really wanted to make sure today was a day for her to remember so there have been a few tears...

Have a great weekend, **Gemma Anidi, Headteacher**

These children will receive a praise postcard this week:
