TRIP TO CENTREL LONDON

Recount

On the first of October 2025 Kinggisher and Kestid class (yr 2) went by boat to see lots of famous landmarks of London because we were reading *Wally in London*.

First we walked from school and hopped on the 297 bus to the bustling Canary Wharf. After a lot of waiting by the station we got on the super boat (Thames Clipper). Then I started singing my version of "What should we do with the drunken sailor". I borrowed Astrid's binoculars to look at the amazing sights. After that we got off at Westminster Pier and walked to the famous lions in Trafalgar Square. I really wish I had taken my sketch book so I could sketch it out. Eventually we walked to St James Park and ate our delicious lunch and ran around for a bit. (Actually I mostly wrote in my note book, not sketch book). For lunch I had a cheese and pickle sandwich. After we gazed at Buckingham Palace and saw the queue

P:2

as yards. Finally we rode on
the really noisy District line to
Mile End. That was my least
favorite part of the entire trip.
Then we walked back to
school.

THE END

THE END
