

# Information for parents from Tower Hamlets

To help answer questions parents may have about measures in place for the new school year, the council has created an updated webpage with information for parents about bubbles and mixing, testing, vaccinations and self-isolation. The webpage can be found at [www.towerhamlets.gov.uk/backtoschool](http://www.towerhamlets.gov.uk/backtoschool)

We are organising a webinar for parents and carers on Wednesday 8<sup>th</sup> September from 12.30 to 1.30pm, which will feature senior councillors and representatives from the council education and public health teams. The webinar will give parents and carers the chance to ask questions and hear about the local Covid-19 response. **We would be grateful if you could share this webinar invitation with parents:**
