

Computing

In Computing this term, we will be writing algorithms on Scratch Jr to create our own simple computer programs.

Geography

We will be talking about the season of Winter and observing changes.

We will be using directional language to describe a route and give directions.

We will look at simple maps and identify key landmarks. We will discuss the compass points - North, South, East and West. We will create our own maps to help us find the treasure!

PSHCE and RE

In PSHCE this term, we will be exploring dreams and goals.

This will include: how to keep motivated when we find things difficult, how to work well with a partner, developing positive attitudes and helping others to achieve their goals.

In RE the children will be learning about who a Christian is, what they believe and how they view God. They will also explore some stories in the Bible.

Science

In Science this term, we will be revisiting our learning on materials from last term. We will be deciding which material(s) will be best to fix a broken umbrella. We will also devise an investigation with frozen play figures and how to release them. Lastly, we will explore puddles and how they change over time.

English

We will be reading the fiction books, "Captain Flinn and the Pirate Dinosaurs" by Giles Andreae, "The Something" by Rebecca Cobb and "Sam and Dave Dig a Hole" by Mac Barnett. We will be making predictions, identifying characters, discussing settings and sequencing stories. We will be writing our own stories using a familiar story structure.

Physical Education (PE)

We will be learning about Gymnastics. We will learn about the key gymnastic shapes. We will be practising balancing, jumping and rolling in different ways. We will link gymnastic actions to create sequences. We will also be learning about Yoga. We will learn some of the key yoga poses and develop our balance and flexibility. We will even create our own yoga flow with a partner!

Art and Design Technology

We will experiment with paint media and tools to create pictures. We will explore collage techniques to create whole class pictures of pirate ships. We will design and make a pirate ship which can float using junk materials. We will use junk materials to make our own treasure chests.

Ahoy There!

Year 1 Spr 1 Curriculum Map

Maths

This term we will be doing lots of counting on from 10, ordering and comparing numbers within 11-20. Additionally, we will be exploring place value of tens and ones and will be exploring one less and one more to 20. We will be looking into positional language and how it can help us find where something is. We will revisit number bonds and fact families. We will be partitioning two digit numbers.
