1. Aims

All schools are required under the Equality Act 2010 to have an accessibility plan. The purpose of the plan is to:

- Increase the extent to which disabled students can participate in the curriculum.
- Improve the physical environment of the school to enable disabled pupils to take better advantage of education, benefits, facilities and services provided.
- Improve the availability of accessible information to disabled students.

Our school aims to treat all its pupils fairly and with respect. This involves providing access and opportunities for all students without discrimination of any kind.

The plan will be made available online on the school website, and paper copies are available upon request.

Our school is also committed to ensuring staff are trained in equality issues with reference to the Equality Act 2010, including understanding disability issues.

The school supports any available partnerships to develop and implement the plan. This includes the Prospere Trust and Manchester local offer. Our school's complaints procedure covers the Accessibility Plan. If you have any concerns relating to accessibility in schools, the complaints procedure sets out the process for raising these concerns.

2. Legislation and guidance

This document meets the requirements of schedule 10 of the Equality Act 2010 and the Department for Education (DfE) guidance for schools on the Equality Act 2010.

The Equality Act 2010 defines an individual as disabled if they have a physical or mental impairment that has a 'substantial' and 'long-term' adverse effect on their ability to undertake normal day to day activities.

Under the Special Educational Needs and Disability (SEND) Code of Practice, 'long-term' is defined as 'a year or more' and 'substantial' is defined as 'more than minor or trivial'. The definition includes sensory impairments such as those affecting sight or hearing, and long-term health conditions such as asthma, diabetes, epilepsy and cancer.

Schools are required to make ‘reasonable adjustments’ for pupils with disabilities under the Equality Act 2010, to alleviate any substantial disadvantage that a disabled pupil faces in comparison with non-disabled pupils. This can include, for example, the provision of an auxiliary aid or adjustments to premises.

3. Monitoring arrangements

The Accessibility Plan will be reviewed by the SENCO and the lead Governors for SEN on an annual basis. This document will be reviewed every 3 years but may be reviewed and updated more frequently if necessary.
