

6th September 2021

Dear Parents and Students,

I am delighted to take this opportunity to invite you to attend **Chorlton High School's Open Evening on Thursday 30th September from 6.00pm - 8.00pm.**

Chorlton High School is a vibrant and innovative centre of learning which is accelerating on its journey to becoming truly outstanding. We are a mixed, multi-cultural and multi-faith school catering for students aged 11-16 and are proud to be at the heart of our local community with strong, effective links to local Primary Schools, Sixth Form providers, Further Education colleges and local businesses.

We have a resolute focus on nurturing, supporting and inspiring all our students to ensure that at every age and ability level students have an excellent foundation for future success. Chorlton High School has a talented, dedicated and diligent team of staff who ensure that creativity, happiness and success are central to every student's daily experience.

The school's strong academic tradition is a credit to the relentless commitment of students, parents, carers and staff. The school's provision and reputation for educating gifted and talented learners is outstanding, as it strives for a level of excellence that encourages students to step beyond their expectations and compete at the highest level. However, the school also prides itself on ensuring that students of all academic abilities achieve highly and are nurtured to grow into confident, articulate and independent young adults.

Excellent teaching and learning is at the heart of all that we do. Our ambitious, imaginative and cutting edge practice provides exemplary experiences and outcomes for our students and we share our innovative strategies regularly across the city, region and in the national arena to promote achievement and excellence for all.

Chorlton High School is built on and driven by our core values and we are committed to enabling all our students to become:

SUCCESSFUL learners who go further faster and have the foundations for lifelong success.

CREATIVE learners who are imaginative risk takers and are prepared to lead the future.

HAPPY learners who are recognised and rewarded so their confidence comes from within.

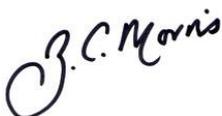

The whole school community works with passion and determination to ensure that our students not only achieve academic excellence but also enjoy the richness of cultural, creative and social experience that thrives in our local community. Our students take part in a vast array of activities through the enrichment and pastoral curriculum to support them to grow into empathetic, eloquent, and resilient young adults. There is an extensive range of extra-curricular activities including exceptional arts and sporting provision with opportunities to take part in workshops, field trips and research visits to a range of educational venues. The school is a centre of excellence for the Arts; creativity and imagination are a vital component of learning throughout the whole school curriculum and enable students to: discover and explore; problem solve and take risks; visualise the future and achieve with confidence.

Our highly effective transition team ensure a successful and happy journey from Primary to Secondary School, supported by a programme which is highly praised by students and parents alike. Ofsted say, *“The curriculum is innovative and provides exceptional opportunities for memorable experiences and success. It promotes a smooth transition from Primary School”*. Even in difficult circumstances, our transition programme maintained its integrity and worked hard to support our students into their first year at Secondary school.

If you would like to take a closer look at **Chorlton High School** and meet staff and students in person, you are welcome to visit on Open Evening or telephone to make an appointment for a tour of the school. Alternatively, you could visit our website to find out more about the school:
