

- ✓ Check your answers against the mark scheme or each other – think like an examiner!
- ✓ Sort your flash cards out using the 'Leitner box' system
- ✓ Update your PLC / Revision plan to reflect how secure you NOW feel about the topic

RETRIEVAL PRACTISE will help it stick!

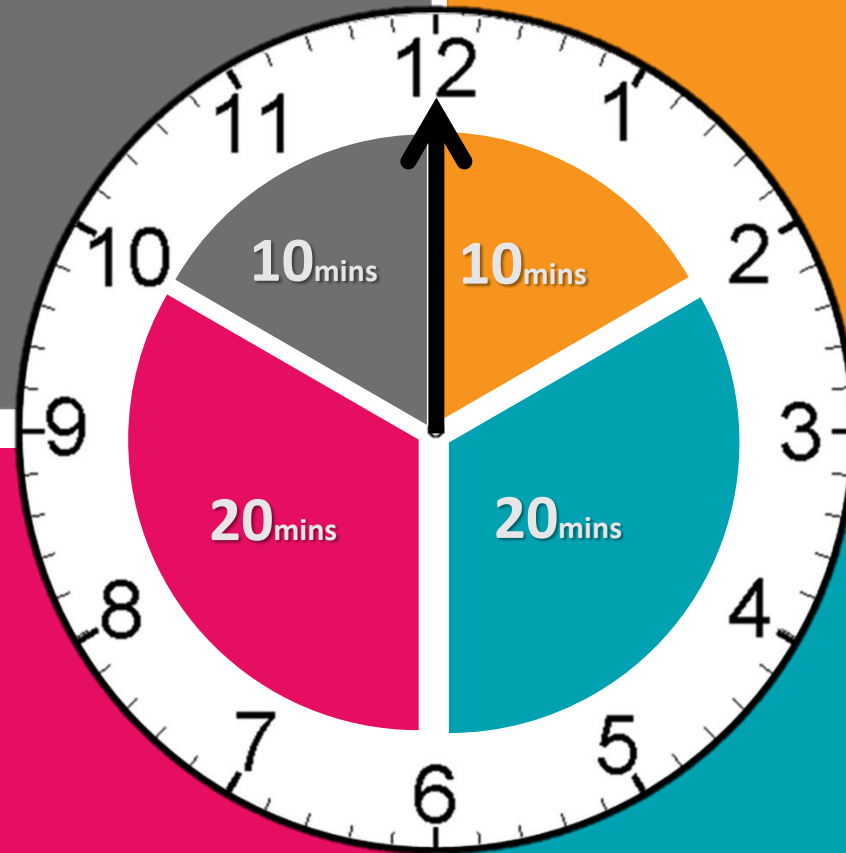

- ✓ In exam conditions complete a practice exam question that links to your topic
- ✓ Work with a partner and test each other using flashcards
- ✓ Complete a set of online questions without resources

4. CHECK

1. MAP

- ✓ Choose an AMBER or RED topic that you are still struggling with OR pick a topic you have not looked at recently
- ✓ “Knowledge dump’ everything you know you know about a topic or complete a retrieval quiz
- ✓ Identify a common topic you can work on with other people in the room - come up with a plan for the session

PURPOSEFUL PRACTICE is the key!

- ✓ INDEPENDENTLY revise using your notes, flash cards, mind maps – whatever resources you have - for 20mins.
- ✓ Using a book, add detail to your ‘Knowledge dump’
- ✓ Use an online revision site to deepen learning

3. MOVE FORWARD
