## CHS Curriculum Area Framework for Learning – Year 7

<b>SUBJECT</b>	Spanish
<b>INTENT</b>	<p>The Spanish Curriculum intends to ignite a curiosity and love of languages and other cultures. Through a focus on both culture and communication the MFL department aim to foster a passion for exploring a foreign Language and comparing it to our own. Language learning provides an insight into others’ countries and cultures and thus widens our intellectual horizons.</p> <p>Learning a foreign language builds a deeper understanding of your own and in addition to the obvious benefits for the key skills of communication and literacy, MFL learners are required to work collaboratively with their peers and develop independent skills. The study of MFL, particularly in KS4, requires pupils to explore the notions of citizenship and personal and social responsibility, equipping them with the skills needed to excel in an increasingly small world.</p> <p>Furthermore, through developing respect, tolerance and interest in other cultures foreign language learning allows students to empathise, communicate and work successfully with others around the world.</p>
