CHS Curriculum Area Framework for Learning – Year 9

SUBJECT	French
INTENT	<p>The French Curriculum intends to ignite a curiosity and love of languages and other cultures. Through a focus on both culture and communication the MFL department aim to foster a passion for exploring a foreign Language and comparing it to our own. Language learning provides an insight into others’ countries and cultures and thus widens our intellectual horizons.</p> <p>Learning a foreign language builds a deeper understanding of your own and in addition to the obvious benefits for the key skills of communication and literacy, MFL learners are required to work collaboratively with their peers and develop independent skills. The study of MFL, particularly in KS4, requires pupils to explore the notions of citizenship and personal and social responsibility, equipping them with the skills needed to excel in an increasingly small world.</p> <p>By the end of year 7 pupils will be able to discuss and describe and give opinions on their family, their hobbies, their school and town as well as communicate clearly in the present tense. by the end of year 8 pupils will continue to give their opinions and reasons why on the topics of free-time activities, technology, their region, healthy living and holidays. Pupils will also be able to communicate using the past present and future tense. By the end of our year 9 Transition year pupils will be able to give increasing detail and complexity on the topics of Family, Technology, hobbies, celebrations as well as showing an understanding of French culture and festivals. Pupils will be able to communicate with increasing complexity and depth using the past, present and future tenses.</p>
