1. Purpose of the policy

This document is provided as an exams specific supplement to the *centre-wide accessibility policy/plan* which details how the centre

“recognises its duties towards disabled candidates ensuring compliance with all aspects of the Equality Act 2010[†], particularly Section 20 (7). This must include a duty to explore and provide access to suitable courses, submit applications for reasonable adjustments and make reasonable adjustments to the service the centre provides to disabled candidates. Where the centre is under a duty to make reasonable adjustment, the centre must not charge a disabled candidate any additional fee in relation to the adjustment or aid.

for any legislation in a relevant jurisdiction other than England and Wales which has an equivalent purpose and effect”

[Quote taken directly from section 5.4 of the current JCQ publication [General regulations for approved centres](#)]

2. What are Access Arrangements?

Exam Access Arrangements (AA) are intended to allow candidates/learners, with special educational needs, disabilities or temporary injuries, to:

- Access the assessment.
- Show what they know, and can do, without changing the demands of the assessment.

Access Arrangements are the principal way in which awarding bodies comply with their duty under the Equality Act 2010 to make ‘reasonable adjustments’. Reasonable adjustments must be made where a candidate who is disabled within the meaning of the Equality Act 2010, would be at a **substantial disadvantage** in comparison to someone who is not disabled. According to the Equality Act 2010, ‘a person has a disability if the impairment has a substantial and long-term adverse effect on [their] ability to carry out normal day-to-day activities’.

At the point an assessor is employed in the centre, evidence of the assessor's qualification is obtained and checked against the current requirements in the Access Arrangements and

Reasonable Adjustments guidance. This process is carried out prior to the assessor undertaking any assessment of a candidate.

The Head of Centre is responsible for the appointment of the assessor, checking the qualifications and the quality of the access arrangements and reasonable adjustments process within the centre, as stated in Section 7.3.1 in the Access Arrangements and Reasonable Adjustments guidance.

If a privately commissioned assessment has been carried out, guidance within Section 7.3.6 must be followed.

4. Identifying the need for Access Arrangements

All AA should be approved before the exam season in which they are intended to be used. They should, first and foremost, reflect the candidate's normal way of working. They should also be backed up by either medical evidence, a statement of special educational needs relating to secondary education, an Education Health and Care Plan (an EHCP) relating to secondary education or a formal assessment completed by our Specialist Assessor.

4.1 Roles and responsibilities Head of Year/Curriculum Leader

- To support all applications, subject teachers must complete the AA mark sheet in the centre's MIS to provide 'Normal Way of Working'.
- Ensures the qualified assessor(s) has access to the assessment objectives for the relevant specification(s) a candidate is undertaking.

5. The use of Word Processors

The use of word processors in exams and assessments is an available access arrangement/reasonable adjustment and may be granted to remove barriers to assessment for disabled candidates. The use of a word processor must prevent them from being placed at a substantial disadvantage as a consequence of persistent and significant difficulties, and it must be appropriate to the candidate's needs. (Head of Centre Statement – 2018)

“A word processor cannot simply be granted to a candidate because he/she now wants to type rather than write in examinations or can work faster on a keyboard, or because he/she uses a laptop at home.” [JCQ Publication - Access Arrangements & Reasonable Adjustments, page 57]

Candidates may be granted use of a word processor under a variety of circumstances, provided it reflects the support given to them as their normal way of working. Examples include a candidate with (this list is not exhaustive and decisions will be made on a case-by-case basis):

- a learning difficulty which has a substantial and long term adverse effect on their ability to write legibly;
- a medical condition;
- a physical disability;
- a sensory impairment;
- planning and organisational problems when writing by hand;
- very poor handwriting.

In order for use of a word processor to be approved in examinations, the Exams Manager must be in receipt of all supporting evidence and normal way of working prior to implementation of the arrangement.

5.1 Implementing the use of Word Processors

Word processors must (as per JCQ Publication – Instructions for Conducting Examinations, page 30):

- be used as a type-writer and not a database.
- have no previously saved data, as must any portable storage devices used. Candidates' own memory sticks must not be used under any circumstances.
- be in good working order at the time of the examination.
- be arranged in such a way so that other candidates cannot read the screen. Where a candidate is accommodated in a separate room, a separate invigilator must be used.
- be connected to a printer or have the facility to print from a secure portable storage device. This must take place immediately after the exam has finished. Candidates must verify that all printed work is their own. Word processed answers must be attached to answer booklets.
- be used under secure conditions.
- not be used to perform skills which are being assessed.
- not be connected to an intranet or other means of communication.
- not have access to other applications such as a calculator, spreadsheets (where prohibited in the specification).
- must not include graphic packages or computer aided design software unless permission has been granted.
- not have predictive text software or automatic spelling and grammar check enabled unless the candidate has been permitted the use of a scribe.
- must not include speech recognition technology unless the candidate has permission to use a scribe.
- not be used on the candidate's behalf by a third party unless the candidate has been granted the use of a scribe.

The centre must:

- ensure that the battery capacity of all portable word processors (laptops etc.) is checked before the candidate's examination(s) with the battery sufficiently charged for the entire duration of the examination.
- remind candidates to ensure that their centre number, candidate name/number, unit and component code appear on each page as a header or footer.
- remind candidates to save their work at regular intervals.
- remind candidates to use a minimum 12pt font and double line spacing.

6. Requesting Access Arrangements

The Access Arrangements application process is complex and time consuming, plenty of time must be allowed for the testing referrals to be completed by the in-house Specialist Assessor. Candidates are tested using cognitive/literacy assessments; these support the Access Arrangements application process and provide most of the data included in Form 8. Exam Access Arrangements expire after 26 months. The result of the most recent testing is binding.

In the case of in-year transfer of a student from another centre requesting Access Arrangements which had previously been approved; full, written evidence must be provided to justify the arrangements. They will be referred for further testing on the advice of their teachers/Head of Year. The original JCQ Form 8 and Access Arrangements outcome from their previous centre would be used as evidence only; approved arrangements cannot be transferred from one centre to another.

In order for the Exams Manager to proceed with any Access Arrangement application, the following documentation must be present:

- Data protection notice, signed and dated by the student.
- Form 8, fully completed and signed and dated by the in-house specialist teacher and SENCo (see appendix).
- Any supporting evidence, letters, proof of Normal Way of Working.

Private Assessments or an Educational Psychologist's report will not suffice as evidence on their own. As detailed in the JCQ Guidelines (p84, 7.5.3):

"An independent assessor must contact the centre and ask for evidence of the candidate's normal way of working and relevant background information. This must take place before the candidate is assessed. Additionally, the independent assessor must be approved by the head of centre to assess the candidate. All candidates must be assessed considering the picture of need and the background information as detailed within Part 1 of Form 8. An independent assessor must discuss access arrangements with the SENCo. The responsibility to determine and request appropriate and practicable access arrangements specifically lies with the SENCo."

6.1 Roles and responsibilities

SENCo/Specialist Assessor

- Follows guidance in AA Section 8 to process approval applications for Access Arrangements for those qualifications listed on page 2 of the JCQ Publication – Access Arrangements.
- Must provide the Exams Manager with appropriate evidence and testing required to apply for all Access Arrangements by the awarding body deadline for the exam series.

- Ensures appropriate and required evidence is held on file to confirm validation responses in AAO including the completion of JCQ Form 8 (Application for access arrangements – Profile of learning difficulties), where required, and a body of evidence to substantiate the candidate’s normal way of working within the centre.
- Ensures where form 8 is required to be completed, the original form is signed by hand and dated as required prior to approval being sought and that the original form is provided for processing and inspection purposes.
- Ensures that arrangements, and approval where required, are in place before a candidate takes his/her first exam or assessment (which is externally assessed or internally assessed/externally moderated).

Exams Manager

- Applies for approval where this is required, through Access arrangements online (AAO), or through the awarding body where qualifications sit outside the scope of AAO.
- Ensures appropriate and required evidence is held on file to confirm validation responses in AAO including the completion of JCQ Form 8 (Application for access arrangements – Profile of learning difficulties), where required, and a body of evidence to substantiate the candidate’s normal way of working within the centre.
- Ensures the names of all other assessors, who are assessing candidates studying qualifications as listed on page 2 of AA, are entered into AAO to confirm their status including any professionals working outside the centre.
- Confirms by ticking the ‘Confirmation’ box prior to submitting the application for approval that the ‘malpractice consequence statement’ has been read and accepted.
- Makes an awarding body referral through AAO where the initial application for approval may not be approved by AAO, where it is deemed by the centre that the candidate does meet the criteria for the arrangement(s).
- Maintains a file for each candidate (that can be presented upon request to a JCQ inspector), which will include:
 - completed JCQ/awarding body application forms and evidence forms.
 - appropriate evidence to support the need for the arrangement where required.
 - appropriate evidence to support normal way of working within the centre.
 - in addition, for those qualifications listed on page 2 of AA (where approval is required), a print out of the AAO approval and a signed data protection notice (which provides candidate consent to their personal details being shared).
