

The **COMPASSION** to help  
and support one another

*'Thinking of Others'*

*When the world closed its doors,  
While it tried to mend,  
We stayed safe in our homes,  
And prayed for it to end.*

*But through the darkness,  
We prayed for others,  
We sent messages of hope  
To our sisters and brothers.*

*We thank the key-workers,  
The brave NHS,  
With modern day heroes,  
We will fix this mess.*
