14.07.2023

Dear Parents and Carers,

Please find attached the OFSTED inspection report for Churchtown Primary School, following the inspection on the 13th and 14th of June.

We are delighted to share with you that the school continues to be judged as a good school and that the inspectors also awarded the school a grading of outstanding for behaviour and attitudes. Within the report the inspectors state that pupils' behaviour is exceptional, something we are very proud of.

Thank you so much to everyone who took part in the inspection, including parents, children, staff and leaders. We are so pleased that the report recognises the excellent work going on in the school and the improvements that have been made. It comments positively on the improvements in the provision for SEND and the impact of the training and processes put in place for our children in school with additional needs.

The report also acknowledges the significant amount of work that has been done in recent years to develop the curriculum and associated assessment processes to meet the new expectations for primary schools.

The areas for the school to improve will form part of the new School Improvement Plan which will be put in place in the Autumn term. The third key area on the plan, which isn't mentioned in the report, but which is very important to us, is to develop more effective communication. Parental surveys have given us areas which we would like to develop and there will be a further survey from the CEO which will give another opportunity to provide feedback in this area.

Yours sincerely

C E Adams
