I can create my information page.

I can follow my SC.

I can edit my work independently using my SC.

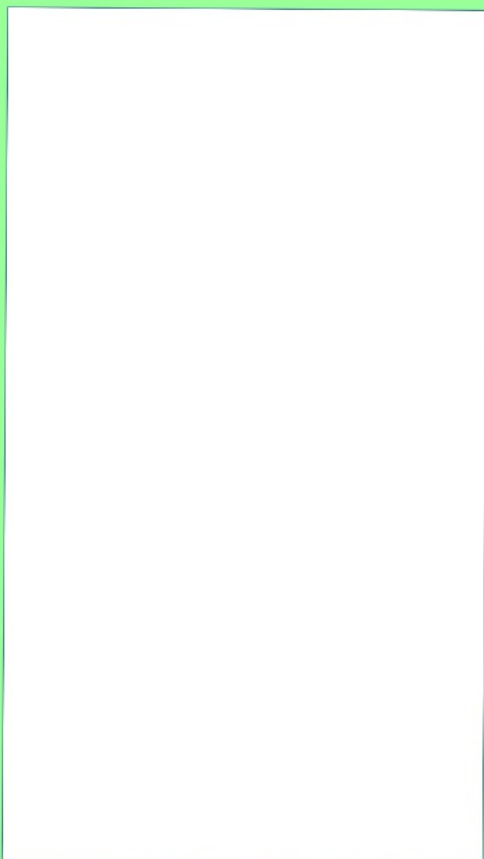

I can publish my report.

Task 1:

1.) REREAD your plan, does it sound the way you wanted it? Does it use enough information? Can you imagine the facts you have written in your head?

Task: Use your sentences from last lesson to create your information page.

On this plain piece of paper you are going to draw your Viking God in the middle of the page.

It should look like this:

Thor

Use a ruler and a pencil.

Now choose 3 paragraphs around the pictures about your God.

We need an introduction; who are they?

What family do they have? Do they have an special powers?
