

This term Monday and Friday are our PE days so children will come in to school in PE kit, children will need a jumper and jogging bottoms due to the changes in the weather.

Please ensure you child brings their reading book in each day so they can read daily with their teacher.

Clarendon Junior School

Curriculum Information for Parents

Resource base
Falcon Class
Spring Term 2 2026

English

In English, we will begin exploring the traditional tale called 'Rumpelstiltskin'. We will learn the story and re-enact it in different ways using masks and puppets. Once we have done this, we will retell the story in our own words. We will focus on developing our understanding of SPaG terminology and applying this to our own writing. We will then write our own versions of the story.

Alongside this, the children will continue to learn comprehension and grammar skills. They will continue read to an adult every day and explore both fiction and non-fiction texts. Within class reading sessions, we will be focussing on texts which will help us to practise our comprehension skills, All of these skills will be consolidated and embedded throughout the curriculum.

Science

This term our scientific topic is states of matter. The children will learn about the here states of matter solids, liquids and gases. The water cycle effects of evaporation and condensation water resistance. We will be carrying out experiments to prove this.

Computing

The children will be exploring the databases in computing this term. We will be look at inputting date, creating flat file databases.

Mathematics

As mathematicians, children will continue to learn how to multiply knowledge across all mathematical areas, particularly in division and multiplication and methods. We will also be looking at time and how to use it in real-life situations.
