Otter Class Summer Term 1 2026

Personal social and emotional development

This term we are looking at recognising our emotions and working out what I can do when I feel different emotions. We are practicing taking turns and working as part of a group.

English

This term, we will be learning the story of the three bears. We are working on our letter formation and writing letters together to make words. We are focusing on what the dialogue in the story and will change parts to use our own ideas in the story. We will also be learning about instructions and practicing following instructions to make porridge.

Phonics

This term in phonics we will be working on recognising new sounds and recapping ones that we have already learnt. We will also practice sight reading common exception words. We are focusing on blending together the sounds we hear to read words.

Communication and language

This term we are looking at putting more words together and attempting to use sentences. We will be working on our individual speech and language targets. We will be practicing maintaining our attention on an adult led task as part of a small group.

Summer Term 1 2026

Otter class

'How can I travel around the world?'

Science

This term in science we will be observing seasonal changes. We will be looking for what has changed in our local environment and seeing signs of spring. We will continue to care for the plants that we have been growing and monitor how they grow.

Maths

This term we are focusing on place value to 50. We will be practicing counting in different amounts. We will be making groups of tens and ones to represent numbers. We will be partitioning numbers into tens and ones.

Foundation subjects

This term we are focusing on our key question 'How can I travel around the world?'. We will be looking at different modes of transport from the past and comparing to how we travel now. We will practice making our own vehicles by using a wheel and axel. We are going to look at the different areas of the world and name the continents and oceans. We will be exploring art from different areas on the world and practicing using the different techniques that we see. We will also look at making our own simple animations.
