

## Reception Summer 2 Homework Grid

Please ensure your child reads every day and record it in their reading record.

In addition, please choose 3 tasks from the grid below to complete.

We would love to see the children's work as they complete it and celebrate it in school on Wow Thursdays!

If you have any questions, please do not hesitate to contact your child's class teacher.

### Create a new song

Make up a new song with a tune you already know and change the words.

### Easter Holidays

What did you do in the easter holidays? Maybe you could draw and write a diary of all the things you have done.

### Find your new favourite word

You could look online to find a new funny favourite word and share it at school with everyone.

### Ball skills

You can practice some kicking and throwing for our Game skills unit in P.E

### Take some photos

Take some photos of what you've been up to or things that make you happy and come and share them with your teachers and friends at school.

### Talk about the day

Tell your family what your favourite part of the day was and ask them what their favourite part was. You could ask them more questions about their day.

### Create some number blocks

Make some Numberblocks and talk about different ways you can make that number.

### Summer is coming

You can create a weather chart to see if there are any signs of summer.
