

Welcome to Year 1

We are looking forward to an exciting term exploring our topic 'All About Me'. To help the children with transition to Year 1 we are initially continuing the play and provision based environment the children experienced in Year R. During the day, there will be key whole class learning times for Phonics, Writing, Guided Reading and Mathematics. The children will then work on a range of teacher-led and child-initiated activities.

PE

We take part in PE twice a week and if the weather allows they will be outdoor sessions. This term, your child will need shorts, tracksuit bottoms (in case of cold weather) and a t-shirt.

Outdoor Environment:

We will continue to use our outdoor area on most days unless it is raining very heavily. As the weather is getting colder and wetter, please provide a pair of wellies or outdoor shoes in a clearly named carrier bag—thank you.

School website

Please use our school website www.clarendoninfants.com for regular updates and copies of letters sent home

Please can you help us by making sure that all your child's clothes are clearly named and they have a clearly named water bottle — thank you.

We hope you find this booklet useful. We are always happy to meet with you and discuss your child's progress over the year. Please feel free to come and speak to your child's teacher or schedule an appointment if you have any concerns.

Many thanks,

The Year 1 Team

Mrs L Daubney— KS1 Phase Lead (Foxes Class Teacher)

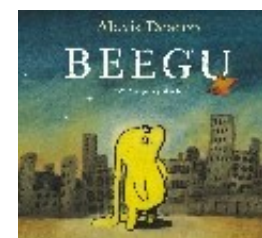

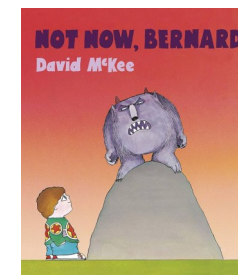

Mrs Rhodes — Foxes Class

Mrs Armani— Hedgehog Class

CLARENDON INFANT SCHOOL

CURRICULUM INFORMATION FOR PARENTS

Year 1
Autumn Term 1
2025

English

In English, we will be using 'Drawing Club' as the basis for our writing this term. We will explore a different text a week and immerse ourselves in the character and the setting of the text. This will then lead to our adventure points where we will explore different questions linked to the texts. We will use these activities to develop our understanding of full stops, capital letters and finger spaces. It will also allow us to explore our letter formation through the activities and linked texts.

Also, we will start our daily guided Reading sessions and our initial focus will be making sure we all point to the words as we read.

In our Phonics sessions, we will focus on revising and consolidating Phase 4. We will learn to sound and blend four and five letter words using sounds we already know.

SCIENCE

In Science this term, we will be thinking about the topic 'Animals including Humans'. We will think about the differences between living things. Also, we will explore how animals need food to survive. Then, we will look at the terms: omnivore, herbivore and carnivore.

COMPUTING

We will start our Computing work by focussing on using computers safely and following our rules. We will then explore technology around us and how it is used.

MUSIC

In Music, we will be exploring the Sing Up scheme. We will focus on 'The Food Song' and we will begin by signing in a group.

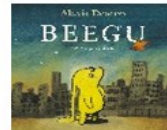

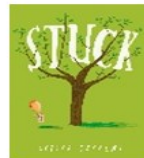

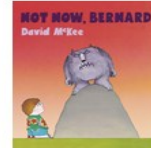

MATHEMATICS

In Mathematics, we will spend the first four weeks focusing on cementing our understanding of place value to 10. We will count to 10 forwards and backwards, starting from any number. We will count, read and write numerals in numbers and words. We will work on understanding more and less and learn to use a range of vocabulary including fewer, least and equal to. We will be using our new 'APE' questioning skills — Answer it, Prove it, Explain it.

Autumn Term 2025

Year 1

THEME: 'All About Me'

P.E.

This term, we have two PE lessons. In our PE sessions, we will be looking at developing our fundamental skills in all areas. This will help provide a base for future topics.

RE

This term, we will be exploring the religion of Christianity. Throughout this, we will begin to answer the question, 'Why is belonging to God and the Church important to Christians?'

GEOGRAPHY

We will think about our local area and what we know about it. We will then explore aerial photographs and use this to explore physical and human features. Then, we will use our new skills to explore local maps and identify the school within an aerial map.

ART

In Art, we will be exploring spirals and how we can use different resources to make these. We will create different sized spirals and use chalk to create large spirals on the playground. We will then apply this to our own pictures of Elmer.

ENRICHMENT ACTIVITIES

This term, we will be focusing on settling into our new class. Our classrooms and outdoor areas will be full of exciting activities linked to our theme.

PSHE

This term's theme is 'Relationships'. We will explore positive relationships and begin to create these in our new classes.
