

Cleethorpes Academy

Enrichment 2026-2027

| Enrichment

Welcome to the Cleethorpes Academy Enrichment Programme!

Our enrichment clubs are designed to help you make the most of your time at school by giving you the opportunity to discover new interests, develop valuable skills, and make lasting friendships.

Whether you're passionate about sport, music, performing arts, science, technology, creativity, or simply want to try something new, there's something for everyone.

Enrichment is your chance to challenge yourself, build confidence, work as part of a team, and create memories beyond the classroom.

We encourage every student to get involved, step outside their comfort zone, and make the most of the fantastic opportunities on offer. Whatever your interests or ambitions, we hope you'll find a club that inspires you and helps you grow.

We can't wait to see you at enrichment!

Benefits of Enrichment

Joining an enrichment club is a great way to make the most of your time at school. Whether you want to try something new, develop your talents, or meet new people, there's a club for everyone.

By taking part, you can:

- Make new friends and become part of a welcoming community.
- Discover new interests and explore activities you may never have tried before.
- Learn valuable skills that support both your personal and academic development.
- Build confidence by taking on new challenges and celebrating your achievements.
- Develop leadership and teamwork through collaboration, communication, and responsibility.
- Boost your academic success by strengthening skills such as problem-solving, creativity, and critical thinking.
- Support your wellbeing by staying active, having fun, and enjoying a healthy balance outside the classroom.
- Prepare for your future by gaining experiences that strengthen college, university, apprenticeship, and career applications.

Get involved, challenge yourself, and make your school experience even more rewarding!

What You Need to Know

Enrichment sessions run every Tuesday, Wednesday, and Thursday from 3:00–4:00 pm.

All students are expected to attend at least one enrichment club each week. You're welcome to attend more than one club each week if you'd like to get involved in even more activities.

All enrichment clubs are completely free to attend, and any equipment or resources you'll need will be provided.

If you're joining a sports club, please remember to bring your full PE kit. Club sign-ups take place during tutor time in Week 1. If you miss sign-up or change your mind later, you can still join a club at any time during the year, provided there are spaces available.

If you have any questions or need help choosing a club, please speak to Miss Warner.

We encourage everyone to get involved, try something new, and make the most of the fantastic opportunities available through enrichment.

Tuesday Enrichment
