

CHILDCARE CHOICES

You can now find a straightforward explanation of all government childcare support on the Childcare Choices website:

www.childcarechoices.gov.uk

Childcare Choices brings all the government childcare offers together for the first time, providing a simple way of seeing which schemes are available, with easy next steps to where you can find out more. Using the website's Childcare Calculator, you can quickly find out which of the offers are available to you and choose what works best for your family:

www.gov.uk/childcare-calculator

What is available through the childcare service?

Tax-Free Childcare:

Tax Free Childcare is an online payment account, topped up by the Government, which parents use solely to pay their childcare costs. For every £8 that families pay in, the Government will make a top-up payment of £2, up to a maximum of £2,000 per child per year (or £4,000 for disabled children). Tax-Free Childcare is available for children under 12 years old (under 17 years old for disabled children) and can be used to contribute towards nursery, childminder and after-school care. To be eligible, parents must be in work (including self-employment) and each earning at least £120 per week and not more than £100,000 per year. Childcare providers must have signed up to be able to receive payments from Tax-Free Childcare.

30 hours free childcare:

30 hours childcare for three and four year olds has been available in England since September 2017. Parents will be able to check their eligibility using the online childcare calculator www.gov.uk/childcare-calculator and, if eligible, submit an online application ahead of the start of the following term. Once signed up, parents will receive an eligibility code to take to their childcare provider. Childcare providers will then check the code with their local authority. If eligible, parents can book their 30 hours place.
