

Becoming a Nurturing School

Team CHS firmly believe in the importance of providing our children with a nurturing environment to help support their learning and development.

This is why CHS have chosen to become a Nurture UK school, following the six principles of 'Nurture' throughout our daily school lives.

What this means for your child?

- Through our Early Years and Connecting Curriculum, we help your children to develop life-long character traits, to enhance their self-esteem, to learn about themselves and to build resilience.
- The development of social and emotional skills is at the heart of all we do and how we speak to and teach your children.
- We use positive reinforcement and nurturing opportunities to support children to recognise and manage their emotions.
- We actively seek pupil voice through surveys, class discussions and School Parliament meetings.
- Transitions are carefully planned.
- Children feel safe at CHS and are supported to develop their emotional literacy.
- We understand children learn and develop differently and this is reflected in our curriculum and approaches.

Some of the amazing Nurturing Approaches already in place at CHS

- Using relational approaches in all we do
- Weekly awards and achievement celebrations
- Exciting Enrichment opportunities
- Pastoral and parental support
- Reinforcement of positive behaviours
- School Parliament; we encourage our children to have a voice and work together to make changes
