As part of our ambition to create independent learners we have an expectation that students bring the right equipment to school each day. This really matters as it ensures learning time is not interrupted and it encourages students to develop strong personal organisation in skills which help them in later life.

We are writing to remind families of our expectations for equipment and also offering supportive ways to help you if we notice students are struggling with this.

Students need the following equipment as standard each day:

- 2 x black pens (includes a backup if one runs out)
- Pencil
- Ruler
- Green pen
- Subject specific kit/books for the day

Student's equipment will be checked by staff at the start of lessons. You will notice this will be monitored in SIMS with E1 recorded. If they do not have the correct equipment for each lesson of the day, an email will be sent home from the form tutor.

All the required equipment along with other stationary items can be purchased with cash from the LRC at a low cost or from other local or online sources (price list attached). If students do not have cash, they can make card payments for large amounts at the school office and can then take their receipt to be redeemed against equipment in the LRC. Payment for larger items i.e dictionary; calculator and maths sets can be made online via scopay.

Please do check in with your child/children to make sure they are in good habits each day with their equipment packed and ready to use. If you need any support with this financial or otherwise, please let your child's form tutor know and we will do what we can to aid you in ensuring that students are correctly equipped.

We would like to thank you in anticipation of your support in ensuring students are learning and life ready.

Kind regards

H Thurland
