

ARE YOU CONSIDERING COMING HERE TO STUDY A STEM SUBJECT?

Have you wondered how you're going to make the leap from GCSE to A Level, and do it successfully? Well we have some good news for you which might help with these tricky decisions at this time of year: this 6th form/college invests in Up Learn. You may have heard about Up Learn from friends, family or social media but I'll give you an idea of what you'll get studying here.

What is Up Learn?

Up Learn is a one-stop-AI-shop for independent learning across a whole range of STEM subjects:

- Mathematics
- Economics
- Physics
- Chemistry
- Biology
- Psychology

We are grounded in the principles of learning and how to enable every student to succeed with the right tools. Our courses are tailor made by experts in their field to cover two year specifications, complete with unique exam papers which are exam board approved.

That's not all. Up Learn also provides: 24/7 online tutor support, quizzes, unit summaries, interactive video lessons and handy techniques for acing your exams.

Why use Up Learn?

With more students than ever choosing STEM courses at A Level, we want your success to stand out from the crowd. Our combination of artificial intelligence, cognitive science research and expert teaching resources will help you to accelerate your own success and make the most of your potential. Sounds good right?

We believe in what we do and so does this 6th form/college. Just as importantly, we believe that you have what it takes to succeed and make it in the exciting and evolving world of STEM.

So join us here and join as at Up Learn; we look forward to learning together.
