If you want to **practice for a test/exam**, or to **understand where the gaps are in your knowledge** use the following features:

- Exam Technique Video Lessons
- Exam How-Tos
- Exam Practice by Topic
- Exam Questions
- Practice Exam Papers

# “A tool we have found to be invaluable is the Up Learn platform”.

Case study Example from another school

- We have been using Up Learn for three years now, and have seen the impact it has on our students' results.
- 100% of Economics students who used Up Learn achieved an A\* or B grade.
- In Chemistry, 95% of students achieved A\*-B, and 80% achieved A\*-A. We also found that the students who used Up Learn regularly achieved up to 1.5 grades higher than their peers.

Welcome back Julie!
