Harry Potter and the Chamber of Secrets by JK Rowling

The Chamber of Secrets is the second book in the Harry Potter collection and is one of my favourite books right now. The main character is a twelve year-old boy called Harry Potter who is a wizard with magical powers.

In this book Harry and his friends (Ron Weasley and Hermione Granger) start their second year at Hogwarts School of Witchcraft and Wizardry, but when they come across threatening messages on the walls, written in blood, and people start getting petrified, they soon find out that Hogwarts is no longer safe...

This is one of my favourite books because of the amazing spells that the wizards and witches cast and the mysterious characters.

If you want to find out what happens to Harry and his friends, read this thrilling book now.
