10th October 2025

Leadership Message

I would like to say a huge thank you to all our families for your ongoing support with school trips and visits. These experiences enrich our curriculum and give children the chance to explore, discover, and learn beyond the classroom. Your contributions—whether through volunteering, or simply encouraging your child to take part—make a real difference and are deeply appreciated.

We're also grateful to those who join us for our weekly celebration assembly. It's a special time where we come together to recognise the achievements and efforts of our pupils. Your presence brings joy and pride to the children and strengthens the bond between home and school. Thank you for making time to be part of these moments.

As we move through the term, I'd like to remind families that the **deadline for secondary school applications is 31st October**. If your child is in Year 6, please ensure you submit your application via Birmingham's admissions portal before the deadline to secure a place for September 2026.

Also, **applications for children starting Reception in September 2026 are now open**. You must apply for a place, even if your child attends Nursery at Conway. If you have a younger child due to start school next year, or know someone who does, please encourage them to apply early and contact the school if they would like to arrange a visit or find out more. Thank you once again for your continued support. Together, we are building a vibrant, caring school community where every child can thrive.

C. Parall

Parents' Evening

Y3 loved their visit to Think Tank this week!

All primary-aged children are entitled to a free flu vaccination. If you wish your child to have the vaccination, the consent form must be returned to school by October 15th.

Safeguarding— Online Safety

Online safety is vital for all children. We encourage pupils to keep their personal information private and never share passwords, even with friends. Strong passwords help protect accounts from being hacked and keep children safe while learning and playing online. Parents can support by discussing safe internet habits at home and ensuring children understand the importance of staying secure online. Being vigilant means we can build a safer digital world for everyone.

Star Pupils of the Week

days lost per class

Next Week's Celebration Assembly: **FRIDAY 8:50-9:20**

Invited parents/carers will be notified before the assembly.

flu: 5 reasons to vaccinate your child

1. Protect your child

The vaccine will help protect your child against flu and serious complications such as bronchitis and pneumonia

2. Protect you, your family and friends

Vaccinating your child will help protect more vulnerable friends and family

3. No injection needed

The nasal spray is painless and easy to have

4. It's better than having flu

The nasal spray helps protect against flu, has been given to millions of children worldwide and has an excellent safety record

5. Avoid costs

If your child gets flu, you may have to take time off work or arrange alternative childcare

Most children have the nasal spray vaccine which is the preferred vaccine. A vaccine injection is also available which does not contain gelatine from pigs (porcine gelatine).
