Leadership Message

As we come to the end of another busy week, we would like to commend our pupils for their ongoing hard work and determination which continues to shine through in everything that they do, both in and outside of the classroom.

This week some of our KS2 visited London! They visited the Houses of Parliament and took a cruise along the River Thames. Their impeccable behaviour and insatiable desire for knowledge truly was inspirational. Their courtesy, enthusiasm and respect made them fantastic ambassadors for Conway Primary School. Read the review below to learn about some of the amazing things that they found there. What a great experience—one that will live long in the memory, I'm certain. For those who missed the visit, we hope to repeat this next year!

A special thank you goes to you, our families. Thank you for supporting our phonics workshop this week and our Nursery curriculum meeting.

We are nearing the completion of our Attendance League for the Autumn term. Regular attendance is a vital part of our safeguarding policy. When pupils are in school every day, we can ensure their safety, wellbeing, and access to learning. Absences can make it harder to monitor and support children effectively. Please help us by prioritising attendance and informing us promptly of any issues.

Finally, we would like to remind parents that there will be a coffee morning on **Tuesday**, and everyone is warmly invited to attend. It's a wonderful opportunity to find out how the support that is available to families in our area. Please join us!

KS2 visit to Houses of Parliament

On Monday, we were lucky enough to go to London to see the Palace of Westminster, AKA the Houses of Parliament. Did you know it used to be the royal house and the last King of England to live there was Henry VIII? We learnt that today, a bill (a baby law) gets bounced from the House of Commons to the House of Lords like a game of Parliamentary ping-pong that can last up to one year, before it is agreed and presented to the King to be made into a new law.

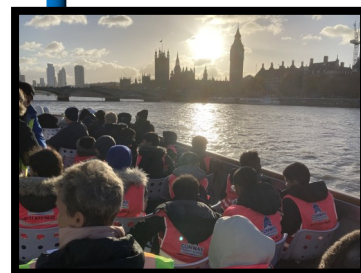

After our fascinating tour of the House, we took a cruise along the River Thames. We saw the tallest building in Europe (the Shard) and Shakespeare's Globe Theatre. Did you know that soon after it was built in 1613, they used a canon to make the sound of thunder? It was a mistake because the theatre caught fire and burned to the ground; it had to be rebuilt the following year!

Along the Thames we also saw the Tower of London where royal prisoners were kept. Two of Henry VIII's wives were executed there. (Anne Boleyn and Catherine Howard). We also saw the London Eye where many people propose—there have also been 20 rejections of marriage!

Did you know that in the Victorian era, the River Thames used to be a dumping ground for sewage? In 1846 the river was narrowed and deepened to increase the tidal flow, helping to push all of the waste into the North Sea!

Thank you to our teachers who helped to make it a brilliant experience!
