

	Autumn 1	Autumn 2	Spring 1	Spring 2	Summer 1	Summer 2
Nursery	Transition / Once there lived	Once upon a time	We're going on a	Journeys near and far	One Sunny Day	The next thing we knew
	Pupils will spend some time settling into the nursery environment. They will learn about themselves and the things they like – linked to all their senses. They will learn about their families and how things have changed since they were babies. Pupils will begin to notice the similarities and differences between themselves and their classmates. Pupils will look at the local area and the different jobs that people do in the community.	nursery rhymes and traditional tales. The main focus will be on: The gingerbread man with opportunities for baking role play Goldilocks – pupils will make porridge, learn about size, textures and temperatures as well as discuss their likes and dislikes 3 little pigs – pupils will look at a range of materials and their differences, similarities and properties Little red riding hood – pupils will discuss how we care for our families, discuss journeys and how to keep ourselves safe.	the story – we're going on a bear hunt. Pupils will learn about the nature that can be found in a forest and how we respect the world around us. Pupils will then go on a farm animal hunt and will learn about farm animals and their young and how we care for them. Pupils will learn about the farm. Pupils will learn about the manimals and their young and how we care for them. Pupils will learn about the farm. Pupils will finally go on a sea creature hunt and will learn about the contrasting environment we find under water.	transport and the wealth of jobs that are linked. They will focus on things with wheels and discover how they work. Pupils will consider appropriate vehicles for different journeys and why some choices are better than others. Pupils will role play journeys to different countries. Pupils will select appropriate materials to make a floating ship and an aerodynamic aeroplane. They will use the ramps to consider the effect forces	and observe the changes that happen as they grow. They will have a chance to become gardeners and will learn how to care for the world around us. They will learn about minibeasts that live in our garden and find out about their life cycles.	Pupils will learn about things have changed since they were babies and how things will continue to change as they grow older. They will learn about the jobs that their family members do and will think about their hopes and aspirations for the future and the different jobs they might be able to do. This is an opportunity to consolidate prior learning to ensure pupils are ready for the next stage in their Conway learning journey.

Year Six	Industrial Revolution	From Siria to Britain (Refugees- Boy at the back of the class)	WW2 History	Galapagos	Ancient Egypt	Geography Skills
	changes that took place in Britain, especially Birmingham, during the Industrial Revolution. They will explore the growth of Birmingham, including industrialisation and immigration and learn about influential individuals from the area at this time.	Pupils will base this unit on the story of the boy at the back of the class. They will plot out the journey that the key character and his family take on maps. It will be an opportunity to consider key arguments surrounding immigration. Pupils will consider settlement, land use and natural resources in the contrasting countries and consider why it was important that the journey was made, no matter how risky.	message it gives us. Pupils will learn about rationing and evacuees. Pupils will learn about the diversity within the armed forces at the time.	place is to Europe and the UK. Pupils will learn about the key physical and human features and make links to the evolution and inheritance unit being studied in science at the time.	this ancient civilisation. They will learn about what life was like for the different classes in society, the belief system and amazing engineering feats of the time. Pupils will consider Egyptian representation in literature and consider its accuracy.	hunting maps with the 8 compass points. They will design sophisticated local area maps with keys.
