

Friday 13th January 2023

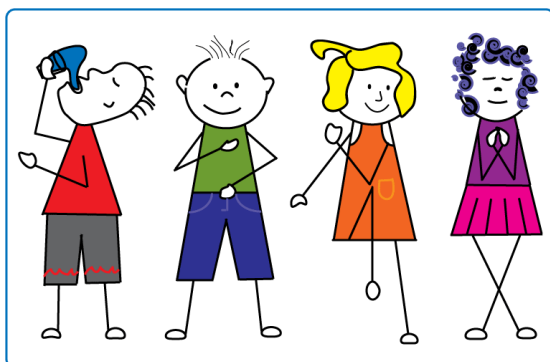

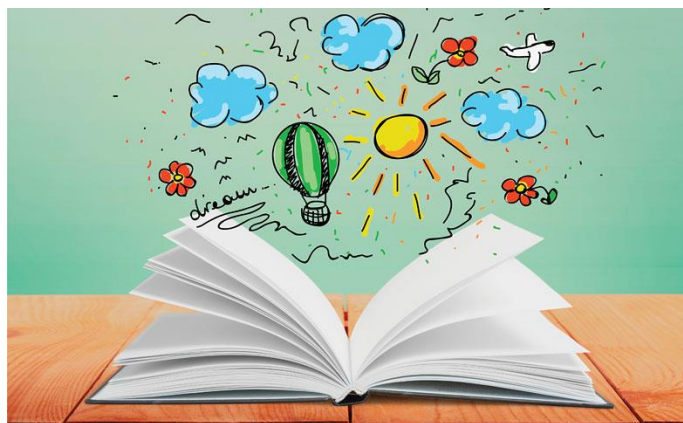

'Grow in the Grace and Knowledge of our Lord Jesus Christ' 2 Peter 3: 18

The workshops will start at **3.30pm for KS1**, **please go to Maple class** for this meeting and go to **Willow for 4.15pm for the KS 2 meeting**. Please do come along to information sharing workshops, giving you chance to see resources and ask any questions you may have.

Reading / Phonics Workshop for parents

On **Monday 16th January** there will be a workshop for all parents/ carers with a focus on phonics and reading. Oak and Maple staff will focus on the phonics programme in school and the decodable reading books, with Willow and Sycamore staff focussing on reading and how you can support your children with comprehension questions and understanding texts.

Water

Since your brain is mostly water, drinking it helps you in a number of ways, including: Improving concentration and cognition. Lots of research has shown the positive effects for children drinking water.

Please can I ask that you avoid juice/ cordial in water bottles and children have access to water throughout the day.

Juice in packed lunches is accepted.

Thank you for your support regarding this matter.

Jam Coding-

Jam coding have asked me to let you know there are places available on the lunchtime club. Jam coding have been working in school since September and the children are developing some great skills and vocabulary linked to computing. **Please see the attached flyer to book your child on the lunchtime club.**
