Catholic Life of our School

Our whole school Collective Worship on Friday was based on this Sunday's Gospel when Peter asked Jesus the question about how many times we should forgive. Jesus' answer in the parable about a king and a servant shows that we must forgive one another just as God forgives us: again and again, without limit.

Pope Francis reminds us,

"Forgiveness does not come naturally. Forgiving from the heart can sometimes be actually heroic."

Mission

Each week we send the children out with a 'mission' to actively live out their faith in their everyday lives.

ONE BODY, MANY PARTS

It's been a busy week in Year 6

The Year 6 children worked hard to create timelines for World War One. They learnt key facts such as when the war started and the date it ended.

Year 6 discussed the British Values of democracy and the importance of having the right to vote. Each child put their name forward for different roles, giving reasons why they should be elected. The class filled in their ballot sheet and voted.

Year 3 were extremely excited to find out they would be playing the Djembes this year! The children have enjoyed learning about the Djembes and creating their own beats. Keep it up Year 3!

Another busy week in Year 1 with Miss Kirk

In PE this week the children in Year 1 were practising fundamentals with Mr Wales. They practised jumping on the spot and over hurdles. They all really enjoyed finishing the circuit he made for them to complete. Great work!

In Maths Year 1 have been working hard representing numbers up to 10. The children had to write the number, write it in words, draw it another way and then make it with manipulatives. The children have worked so hard and are all showing a wonderful understanding of number!

Last week Year 1 voted as a class for their class representatives. They placed their votes into the ballot box and then counted the votes to find out who the representatives were and what their job would be. Everyone was very excited to find out the result!

The children in class Year 5 had an exciting Design Technology day which was linked to their First World War History topic. An expert visitor demonstrated to the children how to make a mining lamp which was used at that time. Using a range of equipment - from set squares to drills and saws - Year 5 applied their mathematical knowledge to design their own mining lamp. The visitor was very impressed with the children's designs and finished products.
