After School Activities Summer Term

Please look out for a Survey Monkey next week regarding first and second preferences for After School Activities in the Summer Term. The school is very fortunate to be able to offer the children so many varied activities after school and the demand, as ever, will be very high. We ask parents for their patience and understanding if their child does not secure a place in their preferred club as places cannot be guaranteed. We aim to meet the demand by offering places to children who may not have participated in a particular club during previous terms so the allocation of places is as fair as possible.

Parents Survey

Friday 22nd March is the final date for the completion of the Parent's Survey. Over 150 families have now completed the survey and we will give you feedback on the findings in due course. You can bring your completed survey to your child's class teacher or place it in the post box outside the school office if you prefer. You as always make a valuable contribution to your child's education and you can help us form a better partnership between the home and school by completing the survey.
