

1st Aid Policy

2022 - 2023

MISSION STATEMENT

MISSION STATEMENT

Corpus Christi Catholic School is a welcoming, vibrant and diverse community with the Christian values of respect, equality and love for all at its core.

We aim to nurture, motivate, educate and to inspire all children to become lifelong learners and to achieve the best that they can.

Following the example of Jesus, we uphold our school motto:
To Learn, To Live, To Love.

Discere Vivere Amare

POLICY STATEMENT:

At Corpus Christi School we believe that all staff, pupils and visitors are kept safe and procedures are in place to ensure that their well-being is a priority when accidents occur. We believe this policy should be a working document that is fit for purpose, represents the school ethos, enables consistency and quality across the school and is related to the following legislation:

- Health and Safety (First Aid) Regulations 1981
- Occupiers' Liability Acts 1957 and 1984
- Health and Safety at Work, etc Act 1974
- Workplace (Health Safety and Welfare) Regulations 1992
- Education (School Premises) Regulations 1999
- Management of Health and Safety at Work Regulations 1999
- Education Act 2002
- Health and Safety (Miscellaneous Amendments) Regulations 2002
- Equality Act 2010
- School Premises (England) Regulations 2012
- Reporting of Injuries, Diseases and Dangerous Occurrences Regulations 2013
- Equality Act 2010: Advice for Schools (DfE)
- Race Disparity Audit - Summary Findings from the Ethnicity Facts and Figures Website (Cabinet Office)

INTRODUCTION

This policy sets out how the Governing Body of Corpus Christi School is carrying out its statutory responsibility. This policy complies with our funding agreement and articles of association.

This policy is based on the [Statutory Framework for the Early Years Foundation Stage](#), advice from the Department for Education on [first aid in schools](#) and [health and safety in schools](#), and the following legislation:

- [The Health and Safety \(First Aid\) Regulations 1981](#), which state that employers must provide adequate and appropriate equipment and facilities to enable first aid to be administered to employees, and qualified first aid personnel
- [The Management of Health and Safety at Work Regulations 1992](#), which require employers to make an assessment of the risks to the health and safety of their employees
- [The Management of Health and Safety at Work Regulations 1999](#), which require employers to carry out risk assessments, make arrangements to implement necessary measures, and arrange for appropriate information and training
- [The Reporting of Injuries, Diseases and Dangerous Occurrences Regulations \(RIDDOR\) 2013](#), which state that some accidents must be reported to the Health and Safety Executive (HSE), and set out the timeframe for this and how long records of such accidents must be kept

We have a duty of care under The Health and Safety (First Aid) Regulations 1981 to promote the health, safety and welfare of all pupils, school personnel and school visitors by providing adequate first aid equipment, facilities and school personnel qualified in first aid.

Annually we carry out an assessment of medical and first-aid needs which involves consideration of workplace hazards and risks, the size of the school and the number of people on site in order to determine what first-aid equipment we should provide.

We will ensure that under the Reporting of Injuries, Diseases and Dangerous Occurrences Regulations 1995 (RIDDOR) that all accidents resulting in death, major injury or the prevention of the injured person undertaking their normal work for more than three days will be reported to the Health and Safety Executive (HSE).

We will ensure that first aid provision is up to date and available at all times in school and for all off-site educational visits and sporting events. Pupils and school personnel with specific health needs and disabilities will be given specific consideration.

We ensure all school personnel and supply teachers:

- are trained in first aid;
- will attend periodic first aid refresher training;
- are trained in how to administer medication in the case of a severe allergic reaction;
- are familiar with the Individual Health Care Plans of pupils in their care;
- know what to do in an emergency;
- are aware that allergy management strategies are incorporated into risk assessments for all school events, educational visits and sporting events.

We work hard to have in place and to maintain a system that ensures all medical care plans are kept up to date and are available at all times to school personnel who may need them in an emergency. It is vital that all medical care plans clearly indicate whether a pupil needs emergency medication such as asthma inhalers or epipens.

Those members of the school personnel who have volunteered to administer or supervise the taking of medication attend regular refresher training and are up to date with the medical care plans for those pupils with specific medical needs or emergency medication.

We are aware that following a change in the law, we are allowed to purchase spare adrenaline auto-injectors such as EpiPen, Jext or Emerade for use on children with serious allergies in emergencies.

We acknowledge that these spare devices can only be used on pupils at risk of anaphylaxis (a life-threatening allergic reaction) where consent from doctors and parents has already been obtained.

We believe that parents will now feel more confident about their children's safety during school time knowing that we have in place spare adrenaline auto-injectors.

We believe all school pupils should be taught basic first aid such as dealing with head injuries, CPR, the purpose of defibrillators and how to call the emergency services.

We have introduced a programme of first aid into the school curriculum as we believe young people need the tools to be ready to thrive when they leave school. We firmly believe simple yet vital first aid skills can save lives.

We wish to work closely with the School Council and to hear their views and opinions as we acknowledge and support Article 12 of the United Nations Convention on the Rights of the Child that children should be encouraged to form and to express their views.

We as a school community have a commitment to promote equality. Therefore, an equality impact assessment has been undertaken and we believe this policy is in line with the Equality Act 2010.

We all have a responsibility to ensure equality permeates in to all aspects of school life and that everyone is treated equally irrespective of age, disability, gender reassignment, marriage and civil partnership, pregnancy and maternity, race, religion or belief, sex and sexual orientation. We want everyone connected with this school to feel safe, secure, valued and of equal worth.

We believe it is essential that this policy clearly identifies and outlines the roles and responsibilities of all those involved in the procedures and arrangements that is connected with this policy.

Aims:

The aims of our first aid policy are to:

- To ensure the health and safety of all staff, pupils and visitors
- To ensure that staff and governors are aware of their responsibilities with regards to health and safety
- To provide a framework for responding to an incident and recording and reporting the outcome
- To provide adequate first aid provision and medical care for pupils and school personnel.
- To have in place qualified first aid personnel who are aware of hygiene and infection control procedures.
- To have in place health and safety control measures.
- To have in place adequate first aid equipment. (British Standard BS 8599)
- To have in place excellent lines of communication with the emergency services and other external agencies.
- To teach older children basic First Aid and CPR

ROLES AND RESPONSIBILITIES

At Corpus Christi, we have ensured that there is a good number of paediatric trained staff who are on the premises at all times. In addition, we have a sufficient number of suitably trained first aiders to care for employees in case they are injured at work.

First aiders

The school's 1st aiders are responsible for:

- Taking charge when someone is injured or becomes ill
- Designated staff to ensure there is an adequate supply of medical materials in first aid kits, and replenishing the contents of these kits

- Ensuring that an ambulance or other professional medical help is summoned when appropriate

First aiders are trained and qualified to carry out the role (see section 7) and are responsible for:

- Acting as first responders to any incidents; they will assess the situation where there is an injured or ill person, and provide immediate and appropriate treatment
- Sending pupils home to recover, where necessary
- Filling in an accident report on the same day, or as soon as is reasonably practicable, after an incident (either in accident/incident playground book or Accident Book)
- Keeping their contact details up to date

Our school's 1st aiders are listed at all 1st Aid points across the school. We have sufficient numbers of 1st Aiders, including Paediatric and Emergency Response, across the school dedicated to children and adult care.

The governing board

The governing board has ultimate responsibility for health and safety matters in the school, but delegates operational matters and day-to-day tasks to the headteacher and staff members.

The headteacher

The headteacher is responsible for the implementation of this policy, including:

- Ensuring that an appropriate number of first aid staff are present in the school at all times. We ensure that first aiders have an appropriate qualification, keep training up to date and remain competent to perform their role
- Ensuring all staff are aware of first aid procedures
- Ensuring appropriate risk assessments are completed and appropriate measures are put in place
- Undertaking, or ensuring that managers undertake, risk assessments, as appropriate, and that appropriate measures are put in place
- Ensuring that adequate space is available for catering to the medical needs of pupils
- Reporting specified incidents to the HSE when necessary (see section 6)

Role of the nominated person

The nominated person will:

- ensure all school personnel are trained in first aid arrangements and hold a valid certificate of competence that is valid for three years;
- ensure all school personnel receive refresher training every three years;
- organise and maintain the medical room as suggested by HSE:
 - ☐ a sink with hot and cold running water;
 - ☐ drinking water and disposable cups;
 - ☐ soap and paper towels;
 - ☐ a store for first-aid materials;
 - ☐ foot-operated refuse containers, lined with yellow, disposable clinical waste bags or a container suitable for the safe disposal of clinical waste;
 - ☐ an examination/medical couch with waterproof protection and clean pillows and blankets;
 - ☐ a chair;
 - ☐ a telephone or other communication equipment; and
 - ☐ a record book for recording incidents attended by a first-aider or appointed person.
- ensure that there are adequate stocks of first aid equipment;
- ensure first aid kits are British Standard BS 8599 and contain the following as suggested by HSE:
 - ☐ a leaflet giving general guidance on first aid;

- ☐ individually wrapped sterile plasters (assorted sizes), appropriate to the type of work (hypoallergenic plasters can be provided if necessary);
 - ☐ sterile eye pads;
 - ☐ individually wrapped triangular bandages, preferably sterile;
 - ☐ safety pins;
 - ☐ large sterile individually wrapped unmedicated wound dressings;
 - ☐ medium-sized sterile individually wrapped unmedicated wound dressings;
 - ☐ disposable gloves.
- position and maintain first aid containers at appropriate locations around the school;
 - conduct with the Health and Safety coordinator annual risk assessments;
 - ensure all accidents and injuries are recorded and reported;
 - ensure that pupils and school personnel with specific health needs and disabilities are given specific consideration;
 - ensure the appropriate medical resources (asthma inhalers, insulin, epipens) are available for those pupils with specific health needs at all times;
 - ensure school personnel are aware of the specific health needs and disabilities
 - determine the level of provision:
 - ☐ at breaktimes and lunch times
 - ☐ when school personnel are absent
 - ☐ for all educational visits and sporting activities
 - ☐ for curriculum activities
 - ensure first aid kits are taken on educational visits or off-site sporting activities;
 - ensure there is a designated medical room that is kept well stocked and free from clutter;
 - ensure school personnel follow basic hygiene procedures and have access to disposable gloves and hand washing facilities;
 - inform parents of any accident especially head injuries and of any first aid administered;
 - ensure first aid notices are displayed in the appropriate places;
 - ensure first aid information is provided in the staff handbook;
 - provide guidance and support to all school personnel;
 - keep up to date with new developments and resources;
 - review and monitor;
 - annually report to the Governing Body on the success of this policy.

Staff

School staff are responsible for:

- Ensuring they follow first aid procedures
- Ensuring they know who the first aiders in school are
- Completing accident reports (incident book/accident reporting in Nursery, KS1 and KS2 designated areas) for all incidents they attend to where a first aider/appointed person is not called
- Informing the headteacher or their manager of any specific health conditions or first aid needs

The Designated Lead

- ensure all school personnel are trained in first aid arrangements and hold a valid certificate of competence that is valid for three years;
- ensure all school personnel receive refresher training every three years;
- organise and maintain the medical room as suggested by HSE:
 - ✓ a sink with hot and cold running water;
 - ✓ drinking water and disposable cups;
 - ✓ soap and paper towels;

- ✓ a store for first-aid materials;
 - ✓ foot-operated refuse containers, lined with yellow, disposable clinical waste bags or a container suitable for the safe disposal of clinical waste;
 - ✓ an examination/medical couch with waterproof protection and clean pillows and blankets;
 - ✓ a chair;
 - ✓ a telephone or other communication equipment; and
 - ✓ a record book for recording incidents attended by a first-aider or appointed person
- ensure that there are adequate stocks of first aid equipment;
 - ensure first aid kits are British Standard BS 8599 and contain the following as suggested by HSE:
 - ✓ a leaflet giving general guidance on first aid;
 - ✓ individually wrapped sterile plasters (assorted sizes), appropriate to the type of work (hypoallergenic plasters can be provided if necessary);
 - ✓ sterile eye pads;
 - ✓ individually wrapped triangular bandages, preferably sterile;
 - ✓ safety pins;
 - ✓ large sterile individually wrapped unmedicated wound dressings;
 - ✓ medium-sized sterile individually wrapped unmedicated wound dressings;
 - ✓ disposable gloves.
 - position and maintain first aid containers at appropriate locations around the school;
 - conduct with the Health and Safety coordinator annual risk assessments;
 - ensure all accidents and injuries are recorded and reported;
 - ensure that pupils and school personnel with specific health needs and disabilities are given specific consideration;
 - ensure the appropriate medical resources (asthma inhalers, insulin, epipens) are available for those pupils with specific health needs at all times;
 - ensure school personnel are aware of the specific health needs and disabilities
 - determine the level of provision:
 - ✓ at breaktimes and lunch times
 - ✓ when school personnel are absent
 - ✓ for all educational visits and sporting activities
 - ✓ for curriculum activities
 - ensure first aid kits are taken on educational visits or off-site sporting activities;
 - ensure there is a designated medical room that is kept well stocked and free from clutter;
 - ensure school personnel follow basic hygiene procedures and have access to disposable gloves and hand washing facilities;
 - inform parents of any accident especially head injuries and of any first aid administered;
 - ensure first aid notices are displayed in the appropriate places;
 - ensure first aid information is provided in the staff handbook;
 - provide guidance and support to all school personnel;
 - keep up to date with new developments and resources;
 - review and monitor;
 - annually report to the Governing Body on the success of this policy.

HEALTH AND SAFETY

The school will:

- carry out regular inspections of premises and school activities;
- assist in carrying risk assessments;
- investigate potential hazards, employee complaints, accidents and dangerous occurrences.

- make representation to employers and others on health and safety matters arising;
- provide information and guidance to school personnel;
- lead the development of this policy throughout the school;
- work closely with the Headteacher and the nominated governor;
- provide guidance and support to all staff;
- provide training for all staff on induction and when the need arises regarding;
- keep up to date with new developments and resources;
- review and monitor;
- annually report to the Governing Body on the success and development of this policy.

SCHOOL PERSONNEL

All school personnel must:

- be aware of first aid arrangements;
- be suitably trained in identifying pupils with expected medical problems;
- report any concerns they have on the medical welfare of any pupil;
- undertake training in first aid, administration of medicines and awareness of medical problems in pupils;
- report and record all accidents and first aid treatment administered;
- teach basic first aid to their pupils;
- implement the school's equalities policy and schemes;
- report and deal with all incidents of discrimination;
- attend appropriate training sessions on equality;
- report any concerns they have on any aspect of the school community.

Role of Parents/Carers

Parents/carers will:

- be aware of and comply with this policy;
- inform the school of their child's medical history that may be a cause for concern;
- complete the necessary paper work before the school administers any medication to a child;
- be given the opportunity to attend first aid workshops in order to understand and be familiar with basic first aid skills;
- be encouraged to work in school as volunteers;
- be asked to take part periodic surveys conducted by the school;
- support the school Code of Conduct and guidance necessary to ensure smooth running of the school

Role of Pupils

Pupils:

- be aware of and comply with this policy;
- must report all accidents;
- will be given the opportunity to attend first aid training during organised after school activities;
- listen carefully to all instructions given by the teacher;
- ask for further help if they do not understand;
- treat others, their work and equipment with respect;
- support the school Code of Conduct and guidance necessary to ensure the smooth running of the school;
- liaise with the school council;
- take part in questionnaires and surveys.

ARRANGEMENTS

The School Nurse/ Healthcare Professional

The School will be allocated a school nurse or other suitably qualified healthcare professional; this person will have the lead role in ensuring that pupils with medical conditions are identified and properly supported in schools, including supporting staff on implementing a pupil's Healthcare Plan. The School healthcare professional will work with the Headteacher to determine the training needs of school staff. **Suitable cover will be provided in the absence of the school nurse/healthcare professional.**

The First Aid Team

The members of staff in the school who trained in First Aid are displayed on each 1st Aid station across the school.

First Aid Boxes

The first aid posts are located in:

- The School Office
- Main and upper halls
- Staffroom
- Nursery
- Corridor of Year 2
- External areas outside reception and Year 1
- Corridor of Year 3
- Holy Family Room
- Class 9, 11 and 13

Medication

Pupils' medication is stored in:

- Medication cabinets with additional Epi Pens/asthma pumps in school office
- Class Emergency Rucksacks

First Aid

In the case of a pupil accident, the procedures are as follows:

- The member of staff on duty calls for a first aider; or if the child can walk, takes him/her to a first aid post and calls for a first aider.
- The first aider administers first aid and records details in our treatment book.
- If the child has had a bump on the head, they must be given a "bump on the head" note.
- Full details of the accident are recorded in our accident book
- If the child has to be taken to hospital or the injury is 'work' related then the accident is reported to the Governing Body.
- If the incident is reportable under RIDDOR (*Reporting of Injuries, Diseases & Dangerous Occurrences Regulations 2013*), then as the employer the Governing Body will arrange for this to be done.

School Insurance Arrangements

Zurich Municipal

Public Liability Insurance (contact details in main office)

School Visits

In the case of a **residential visit**, the residential first aider will administer First Aid. Reports will be completed in accordance with procedures at the Residential Centre. In the case of **day visits** a trained First Aider will carry a travel kit in case of need.

FIRST AID PROCEDURES

In-school procedures

In the event of an accident resulting in injury:

- The closest member of staff present will assess the seriousness of the injury and seek the assistance of a qualified first aider, if appropriate, who will provide the required first aid treatment
- The first aider, if called, will assess the injury and decide if further assistance is needed from a colleague or the emergency services. They will remain on scene until help arrives
- The first aider will also decide whether the injured person should be moved or placed in a recovery position
- Minor head injuries will be reported to a parent/carer and monitored in school
- If the first aider judges that a pupil is too unwell to remain in school, parents will be contacted and asked to collect their child. Upon their arrival, the first aider will recommend next steps to the parents
- If emergency services are called, office staff or appointed person will contact parents immediately
- The first aider/relevant member of staff will complete an accident report form on the same day or as soon as is reasonably practical after an incident resulting in an injury

Off-site procedures

When taking pupils off the school premises, staff will ensure they always have the following:

- A mobile phone(s)
- A portable first aid kit and emergency ruck sack
- Information about the specific medical needs of pupils
- Parents' contact details

Risk assessments will be completed and authorised by the Education Visits Coordinator prior to any educational visit that necessitates taking pupils off school premises.

There will always be at least one first aider with a current paediatric first aid certificate on school trips and visits, as required by the statutory framework for the Early Years Foundation Stage.

4.3 Treatment for common injuries

Cuts

The nearest adult deals with small cuts. All open cuts should be covered after they have been treated with a cleansing wipe. Any adult can treat severe cuts, however a fully trained first-aider must attend and give advice. Minor cuts should be recorded in the school's accident book. Severe cuts should be recorded on an accident form and reported to a

parent. An injury needing medical attention will have a copy of the accident form completed by the person dealing with the injury and given to parents.

PROTECTIVE GLOVES MUST BE WORN WHEN TREATING OPEN CUTS. BLOODED ITEMS SHOULD BE DISPOSED OF IN WASTE BAGS AND PLACED IN THE SANITARY BINS IN STAFF TOILETS.

Head injuries

Any bump to the head, no matter how minor, is treated as serious. All bumped heads should be treated with a cold compress. Children will receive a sticker or bump letter so that the injury is known to adults and parents/carers for monitoring purposes. All bumps to the head should be recorded in the accident book.

Parents should be called if the child has a serious cut, bump or signs of concussion. Signs of concussion, including vomiting or drowsiness, persistent headache, blurred or double vision, bleeding or yellow fluid from the nose and/or ear, need referral to hospital immediately.

Allergic reaction and asthma

All staff are annually trained in recognizing the signs of serious allergic reactions and the administration of Epi-Pens. In cases of a less serious reaction a first aider should examine the child and follow care plan instructions. Children with asthma need to have their asthma inhaler administered when an asthmatic attack occurs. Spare Epi Pens and Salbutamol inhalers are available in the school office and Class 9 for children with a diagnosis as necessary.

Contagious diseases

Where a child develops a fever and/or rash, this may be a sign of a contagious disease, such as chicken pox, measles, etc. This is often detected on a child's arms or legs initially then chest and back. Contagious diseases may be harmful to pregnant women or children/adults with medical issues. After seeking medical advice, the school will inform parents and staff of any incidences which may need monitoring. Any illness which is being treated with antibiotics should not pose a risk to others (Refer to Administering Medication Policy).

Headlice

If headlice is suspected, parents need to be informed. The school's head lice letter should be sent out to parents within the class affected. Advice will be given on how to best treat the condition.

Covid-19

Procedures for staff and children who present symptoms of Covid-19 is outlined in the school's Covid Risk Assessment (staff hub/website).

FIRST AID EQUIPMENT

A typical first aid kit in our school will include the following:

- HSE booklet on general first aid advice
- Regular and large bandages
- Eye pad bandages
- Triangular bandages
- Adhesive tape
- Safety pins
- Disposable gloves
- Antiseptic wipes
- Plasters of assorted sizes

- Scissors
- Cold compresses
- Burns dressings

No medication is kept in first aid kits.

First aid kits are stored in:

- The school office
- 1st aid bags in classrooms
- 1st aid units in Nursery, outside Classes 3, 4 and 7 and in classes 9 and 12.

REPORTING AND RECORD KEEPING

Accident/Incident Playground Book (minor injuries) and Accident Form Book (major injuries)

Recording into the accident playground book or filling in an accident form will be completed by the first aider/relevant member of staff on the same day or as soon as possible after an incident resulting in an injury

- As much detail as possible should be supplied when reporting an accident, including all of the information included in the accident form
- A copy of the accident report form will be passed on to a parent/carer/paramedic in the event of referral to a doctor or hospital
- Records held in the first aid and accident book will be retained by the school for a minimum of 3 years and then securely disposed of
- Incidences of accidents will be monitored by the assistant headteachers, so that patterns of can be detected and action can be planned for

Reporting to the HSE

We will keep a record of any accident which results in a reportable injury, disease, or dangerous occurrence as defined in the RIDDOR 2013 legislation (regulations 4, 5, 6 and 7).

The headteachers will report these to the Health and Safety Executive as soon as is reasonably practicable and in any event within 10 days of the incident.

Reportable injuries, diseases or dangerous occurrences include:

- Death
- Specified injuries, which are:
 - Fractures, other than to fingers, thumbs and toes
 - Amputations
 - Any injury likely to lead to permanent loss of sight or reduction in sight
 - Any crush injury to the head or torso causing damage to the brain or internal organs
 - Serious burns (including scalding)
 - Any scalping requiring hospital treatment
 - Any loss of consciousness caused by head injury or asphyxia
 - Any other injury arising from working in an enclosed space which leads to hypothermia or heat-induced illness, or requires resuscitation or admittance to hospital for more than 24 hours

- Injuries where an employee is away from work or unable to perform their normal work duties for more than 7 consecutive days (not including the day of the incident)
- Where an accident leads to someone being taken to hospital
- Near-miss events that do not result in an injury, but could have done. Examples of near-miss events relevant to schools include, but are not limited to:
 - The collapse or failure of load-bearing parts of lifts and lifting equipment
 - The accidental release of a biological agent likely to cause severe human illness
 - The accidental release or escape of any substance that may cause a serious injury or damage to health
 - An electrical short circuit or overload causing a fire or explosion

Information on how to make a RIDDOR report is available here:

[How to make a RIDDOR report, HSE](http://www.hse.gov.uk/riddor/report.htm)

<http://www.hse.gov.uk/riddor/report.htm>

Notifying parents

A member of staff will inform parents of any accident or injury sustained by a pupil, and any first aid treatment given, on the same day, or as soon as reasonably practicable.

Reporting to Ofsted and child protection agencies

The headteacher will notify Ofsted of any serious accident, illness or injury to, or death of, a pupil while in the school's care. This will happen as soon as is reasonably practicable, and no later than 14 days after the incident.

The headteacher will also notify Lambeth Children's Services of any serious accident or injury to, or the death of, a pupil while in the school's care.

TRAINING

All school staff are able to undertake first aid training.

All first aiders must have completed a training course and must hold a valid certificate of competence to show this. The school will keep a register of all trained first aiders, what training they have received and when this is valid.

Staff are encouraged to renew their first aid training when it is no longer valid.

At all times, at least one staff member will have a current paediatric first aid (PFA) certificate which meets the requirements set out in the Early Years Foundation Stage statutory framework and is updated at least every 3 years.

Monitoring arrangements

This policy will be reviewed by the Designated Safeguarding Lead annually, alongside the school's Administering Medication Policy.

At every review, the policy will be approved by the Governing Body.

Links with other policies

This first aid policy is linked to the

- Health and safety policy
- Risk assessment policy
- Policy on supporting pupils with medical conditions
- Asthma policy

SAFEGUARDING

We are committed to safeguarding and promoting the welfare of all children as the safety and protection of children is of paramount importance to everyone in this school. We work hard to create a culture of vigilance and at all times we will ensure what is best in the interests of all children.

We believe that all children have the right to be safe in our society. We recognise that we have a duty to ensure arrangements are in place for safeguarding and promoting the welfare of children by creating a positive school atmosphere through our teaching and learning, pastoral support and care for both pupils and school personnel, training for school personnel and with working with parents. We teach all our children about safeguarding.

We work hard to ensure that everyone keeps careful watch throughout the school and in everything we do for possible dangers or difficulties. We want all children to feel safe at all times. We want to hear their views of how we can improve all aspects of safeguarding and from the evidence gained we put into place all necessary improvements.

Equality Impact Assessment

Under the Equality Act 2010 we have a duty not to discriminate against people on the basis of their age, disability, gender, gender identity, pregnancy or maternity, race, religion or belief and sexual orientation.

This policy has been equality impact assessed and we believe that it is in line with the Equality Act 2010 as it is fair, it does not prioritise or disadvantage any pupil and it helps to promote equality at this school.

Race Disparity Audit

We acknowledge the findings of the Race Disparity Audit that clearly shows how people of different ethnicities are treated across the public services of health, education, employment and the criminal justice system.

The educational section of the audit that covers: differences by region; attainment and economic disadvantage; exclusions and abuse; and destinations, has a significant importance for the strategic planning of this school.

Monitoring the Implementation and Effectiveness of the Policy

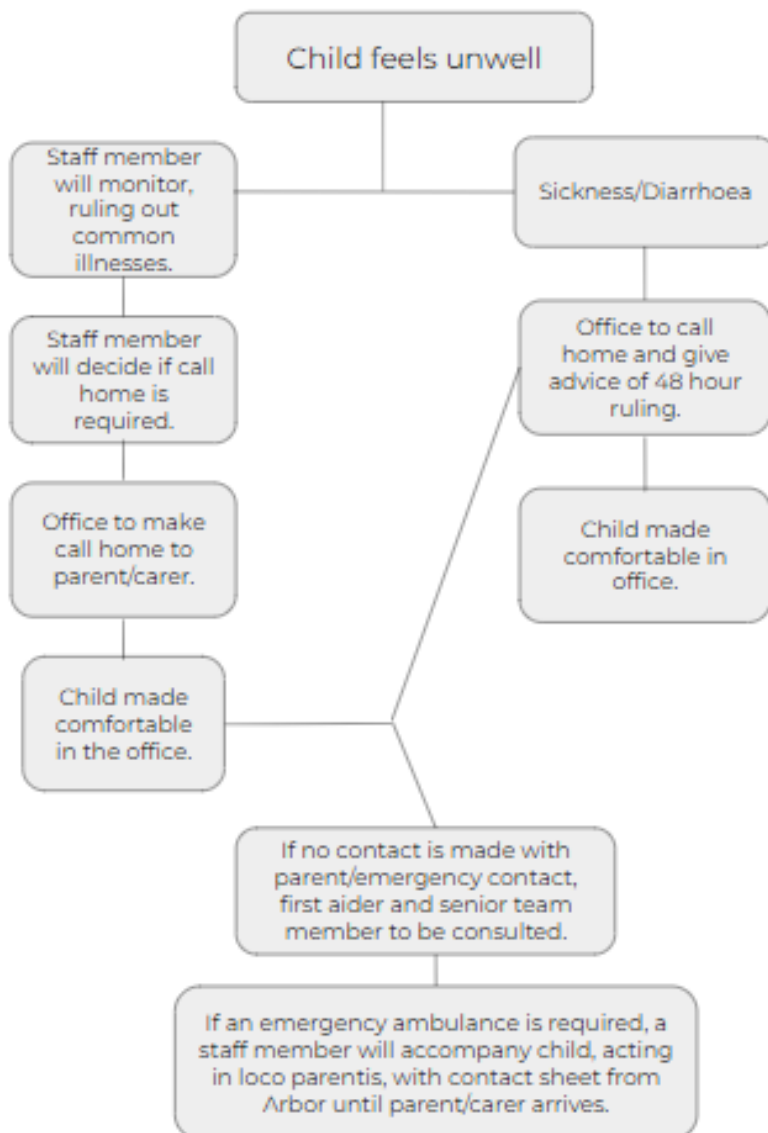

The practical application of this policy will be reviewed annually or when the need arises by the coordinator, the Headteacher and the nominated governor.

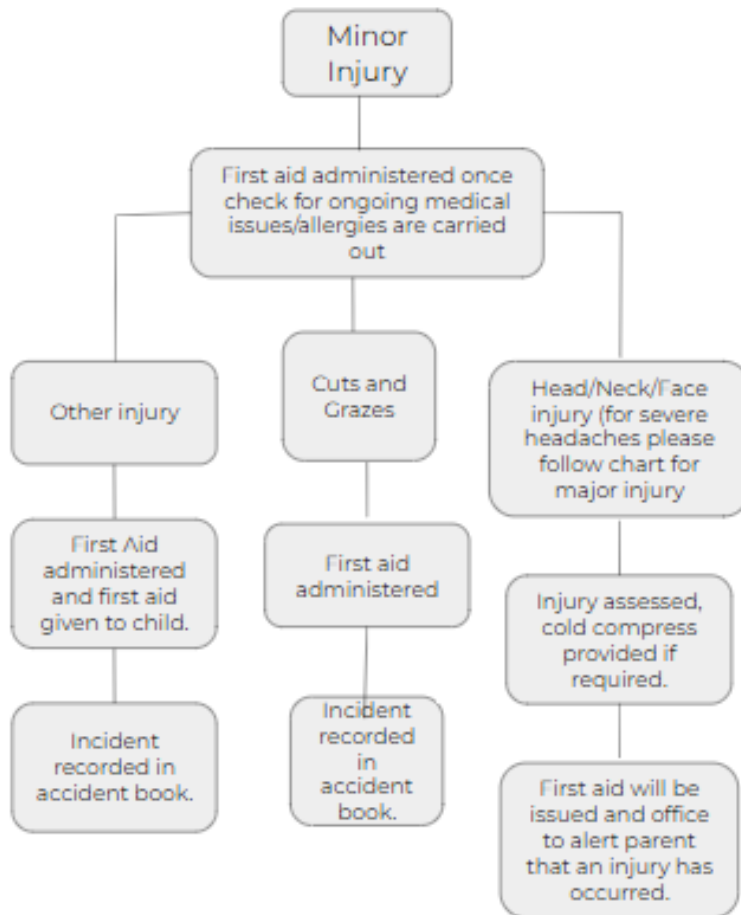

A statement of the policy's effectiveness and the necessary recommendations for improvement will be presented to the Governing Body for further discussion and endorsement.

PROCEDURES

APPENDIX**FORMS/PROCEDURES**

Incident Book/Slips for parent notification in 1st Aid areas-minor injuries

Pupil Accident Book-major injuries

Contacting Emergency Services

Dial 999, ask for ambulance and be ready with the following information:

1. Your telephone number
2. Your location/postcode
3. Exact location in the school of casualty
4. Your name
5. Name of child and brief description of symptoms
6. Inform Ambulance Control of the best entrance and state that the crew will be met and taken to the casualty
