

From the Headteachers

Uniforms

It is good to see the children dressed smartly in their summer uniforms. The upper junior girl culottes have proven popular and has enabled the girls to exercise at playtimes more freely. Just a reminder that the boys shorts should be plain with zip pockets only. Please refer to our uniform policy on our website if you are not sure, when purchasing clothes. When the weather becomes hotter, we will ask boys not to wear their ties but to wear a half sleeve blue summer shirt.

School Photographs

This Bank Holiday weekend will be a good time to tidy up your child's hair, ready for their school photograph on Tuesday 4th May. It is unfortunate that Covid rules will not enable children to mix in bubbles to take sibling photos. We will update you with the ordering details soon.

Music

After such a long time not being able to see performances, it is good to hear about many projects starting up again as restrictions ease.

We have been delighted to see the children returning to instrumental lessons. Miss Brown has been teaching drumming in the external areas and it has been wonderful to hear her work with the children. The junior bands have started, so I am sure you are all looking forward to your children practising at home once again. Hopefully, we will return to singing and developing our school choir later this term.

Corpus Christi Calculation Website

As a school, we have created a Google Site to help parents support their children with Calculation (addition, subtraction, multiplication and division). The site includes information and videos on how we teach children to add, subtract, multiply and divide at Corpus Christi. This will ensure you are showing your children methods which are consistent with how we teach at school. We would like to thank our Maths Co-Ordinator Mrs Giles for helping to organise the site and class teachers for all their demonstrations. We hope that you find this a useful resource.
