

From the Headteachers

RAAC

We apologise for not being able to update you on the situation regarding remediation works for the junior block. We have been attending weekly meetings with the Department for Education, Lambeth, Southwark Diocese, Contractors, and our chair of governors. We have proceeded to appoint a company to coordinate the tendering process for a replacement roof and costings should be confirmed in over a week. Corpus Christi, along with other schools, has been discussed with ministers at panel level, and we are now entering the second panel hearing, with a final decision on whether the DFE will fund the roof replacement imminent. If so, we hope to start work before the end of term with works hopefully completed at the beginning half of the summer term, subject to when contractors start. The timeline for this project will be quicker as the children are not on site. We will update you with the final decision.

Sparkly Disco

We are looking forward to seeing the children enjoy themselves at our Sparkly Disco today. We thank the parent's association, parent helpers and staff for enabling for giving up their personal time for this event to happen for the children.

We would like to clarify our position in relation to some of the complaints we have been subject to regarding children who have not secured a ticket. We advertised the sale of tickets on Wednesday 18th October and made it very clear that we have a limit to the numbers of children we can accommodate in our school hall. We filled our limit on 1st November, so there were 15 days to purchase a ticket. Obviously, the later parents left it to buy a ticket, the less availability there would have been.

As the case with any public building, we are subject to Health and Safety audits whereby we have a maximum capacity of people at any time within our building spaces, subject to fire evacuation regulations. We would certainly not want to exclude pupils, as we are an inclusive school community and would want all our children to attend.

We are disappointed in some responses to children not securing tickets, as we are always available to discuss concerns and explain our reasons. When staff give up so much of their time to provide additional enrichment and events for the children, we feel saddened that they may be subject to negative responses and are fearful that this could lead to events not happening in the future without their support.
