### Year 5 STEM Presentation

The year five pupils took part in a presentation to parents and staff from Bishop Thomas Grant school today about the science, technology, engineering and maths work they have completed over the past two weeks. The work was part of the Polar Explorers Programme which encourages and supports school who are keen to raise attainment and inspire pupils in the STEM areas. The pupils took part in a full STEM day at BTG as well as completing experiments at Corpus Christi about what it takes to survive in the Arctic.
