

## From the Headteachers

### Mental Health Week

This week in school the children have been talking about Children's Mental Health Week and the theme 'Find Your Brave'. In PSHE lessons and Infant and Junior assemblies children have been taking part in activities around this theme and sharing times when they have been brave.

Thank you for helping your child to complete their 'Speech Bubbles' at home and sharing times when you and your child have been brave.

### Safer Internet Day Tuesday 11th February

Safer Internet Day 2020 will be celebrated globally with the theme: Together for a better internet. The aim of Safer Internet Day is to 'inspire a national conversation' about using technology responsibly, respectfully, critically and creatively. Coordinated in the UK by the UK Safer Internet Centre the celebration sees hundreds of organisations get involved to help promote the safe, responsible and positive use of digital technology for children and young people. Find out more at <https://www.saferinternet.org.uk/safer-internet-day/2020>.

At school we continually talk to the children about how to be safe online and what to do if they don't feel safe and these are conversations you too should have with your child.

In conjunction with Safer Internet Day, the children will be taking part in a computing curriculum week. We are lucky enough to have the London Connected Learning Centre into school to run computer science workshops for Reception to Year 6 pupils. Information will also be coming home about our first 'Digi-Awards' competition which will also be running.

As well as online safety lessons, we hope this curriculum will continue to promote positive use of technology.
