

Thursday 21st September

Dear Parents and Carers

Here is a list of your child's 'Class Talk' date. We would be grateful if you could help your child prepare for their talk at home.

- The children do not need to learn their talk. They can read from notes they have prepared at home.
- They can bring in any props or objects they wish to show the class related to their chosen topic.
- Some children choose to accompany their talk with a PowerPoint with pictures and writing on. This is not necessary but it can help the children remember what they are going to say. If they do this you can send an email to the class teacher or the school office. It is always worthwhile doing this a few days before the talk takes place to ensure the technology is working correctly and any problems can be sorted out. (We are no longer able to accept USB memory sticks).

Some children like to round off their class talk with a quiz. We would kindly encourage children to not bring in sweets as prizes for the answers to the quiz.

Thank you for your continued support and cooperation,

Mrs Graham
