Dear Families,

We have had a very busy few weeks. The children have been working really hard and the quality of some pieces has been exceptional.

In this issue we have tried to lay out all of the upcoming Christmas events so that they are clear for you to see and not overwhelming with the volume of events that are scheduled to take place.

It was great seeing parents at the phonics information meeting for Maple and at the SATs meeting for Oak. It has also been lovely seeing the images and videos representing their communities and groups during remembrance events. Some of these are featured in this issue.

Installation of our new solar panels has now been completed on the Oak and library buildings and the eco committee have begun to explore their impact on our energy consumption.

Personal Network

A suggested network may include 4 adults we have regular contact with in addition to any adults we may have at home and choose to use. Spaces can be seen as 'situations vacant' so we can be considering people we meet who may be able to be network people for us in the future.

Protective Behaviours

The children have been learning about their network hands, who they can talk to if they have a worry and safe/unsafe secrets.

LEAVE OF ABSENCE DURING TERM TIME UPDATED INFORMATION FOR PARENTS

The Supreme Court has clarified the law on unauthorised leave, including holidays, during term time (Platt v Isle of Wright 2017). The Supreme Court has made clear that attending school 'regularly' means that the children must attend school on every day that they are required to do so. As such, the parents of any child who is absent from school without authorisation for any length of time are likely to be considered as committing an offence under s444 of the Education Act 1996.

The law states a leave of absence may only be granted by a school if an application is made in advance and if it considers there are exceptional circumstances relating to the application.

Schools must judge each application individually considering the specific facts and circumstances and relevant background context behind each request.

A leave of absence is granted entirely at the school's discretion. Generally, a need or desire for a holiday or other absence for the purpose of leisure and recreation would not constitute an exceptional circumstance.

Where a leave of absence is granted, the school will determine the number of days a pupil can be absent from school.

When making an application for Leave of Absence parents are advised to give sufficient information and time to allow the

Head teacher the opportunity to consider all the exceptional circumstances and to notify parents of their decision. The school may also request further information on the application and supporting documentation where appropriate.

It is advised that if the resident parent has not received notification or a response regarding the leave of absence application, it is the parents' responsibility to ascertain if the leave is authorised prior to the start of the leave.

The school can only consider Leave of Absence requests which are made by the 'resident' parent ie the parent with whom the child normally resides.

Where applications for leave of absence are made in advance and refused, the child is expected to be in school on the dates set out in the application. If the child is absent during that period, it will be recorded as an unauthorised absence. Where a leave of absence is requested, but additional days taken either prior to or after the request may be considered as part of the leave of absence.

Leave of Absences which are not made in advance cannot be authorised in line with legislation. This will result in the absence being recorded as 'unauthorised'.

All matters of unauthorised absence relating to a Leave of Absence will be referred to the Warwickshire Attendance Service, part of Warwickshire County Council. Penalty Notices are issued in accordance with Warwickshire County Council's Code of Conduct for Penalty Notices and in the first instance, as an alternative to prosecution proceedings.

Leave of Absence taken in the academic year 2024-25

The law relating to Penalty Notices changed with effect from 19 August 2024. Therefore, Penalty Notices issued for Leave of Absence taken from September 2024 will be issued in accordance with the updated legislation.

Penalty Notices are issued to each parent of each absent child, (for example 2 children and 2 parents, means each parent will receive 2 invoices – 4 in total).

- First Leave of Absence offence: The Penalty Notice amount of £160 to be paid within 28 days, this is reduced to £80 each child if paid within 21 days.
- Second Leave of Absence offence within a 3 year period (from the date of issue of the first penalty notice): The amount of £160 paid within 28 days. No reduced amount.

Payment plans will not be offered and/or payments received outside of the 28 day period will not be accepted. Where a penalty notice expires unpaid the matter will be referred to Warwickshire County Council's Legal Services to consider criminal prosecution.

- Third Leave of Absence offence within a 3 year period (from the date of issue of the first penalty notice): A penalty notices will be not be issued and the matter will be referred to Warwickshire County Council's Legal Services to consider instigating criminal prosecution proceedings under S444 of Education Act 1996.

Your child's progress academically as well as socially is our shared priority.

2024/2025 Leave of absence

- Penalty Notices are issued to each parent of each absent child, (for example 2 children and 2 parents, means each parent will receive 2 invoices – 4 in total).
 - First Leave of Absence offence: The Penalty Notice amount of £160 to be paid within 28 days, this is reduced to £80 each child if paid within 21 days.

Protective Behaviours

– what's that?

Protective Behaviours (PBs) is an internal process where each person applies the ideas to their own unique experience. This paper looks at what Protective Behaviours is and some of its uses. It is intended as an information paper with the hope the reader will see its relevance to their specific interests and will then attend training.

The PBs process is presented here as separate sections. In practice, all interact and support each other - to take one section out leaves the others incomplete.

Unwritten rules of society

We see how certain rules of society have a powerful influence on our choices of behaviour. Whilst these rules can be positive and help guide our interactions, many of them tell us we should, ought, or must behave in a particular way. For instance, children should do as adults tell them; professionals should always have the answer; men should not show their feelings and women should behave in a ladylike manner. These rules are not written down, are often contradictory and may not fit with our own experience. During training we look at their function, how they develop, their effects and why we may choose to follow them or not.

Feelings, Thoughts and Behaviours

During this session we look at the interaction between our feelings, thoughts and behaviour. We see that feelings are feelings, neither right nor wrong, good nor bad, positive nor negative. Some people seem to mask one feeling with another or use behaviour as a way of avoiding or covering feelings. We look at how behaviour is a choice with an effect. These effects may involve others as well as ourselves. Sometimes we do not know what our choices are or they may be limited by factors we cannot change. Once we are in touch with our feelings it helps free us to use our thinking. Our thinking can influence both our feelings and behaviour.

Theme 1 'We all have the right to feel safe all the time'

We explore this theme in detail, carefully looking at the connection between rights and responsibilities. We also take the concepts of blame and punishment out of commonly held ideas associated with responsibilities. Instead we focus on the 'ability to respond' contained within the meaning of the word. The difference between having a responsibility for ourselves and to others is also examined. Next we discover for ourselves the difference between feeling safe, fun to feel scared (adventurous), risking on purpose (which may not feel like fun but we want the goal at the end) and feeling unsafe. These differences are recognised by what we call our 'Early Warning Signs' (EWS), the specific bodily responses which tell us when we do not feel safe. These universal body signs mean Protective Behaviours is accessible to all people, irrespective of age, gender, sexuality, nationality, ability or belief system.

Theme 2 'We can talk with someone about anything, even if feels awful or small'

This theme is also explored in detail. In particular we focus on the ideas and effects of 'talking', and what might happen if we do not believe this theme. We encourage everyone to develop their personal networks of support; those people they could turn to if in need. Desired qualities of network people are identified and we examine how we would know if someone has these qualities. Types of networks and ways of letting people know we need to talk with them are also explored.
