Friday 24th October 2025

Dear Families,

We have reached the end of a very busy and fun filled half term. The children have settled back into school life so well and we are very proud of each and every one of them.

This half term we launched our Behaviour Curriculum, teaching our children the meaning of our school values, Respect, Kindness, Honesty and Love and Equality. This term our super power is Respect and the children have been learning about what a respectful learner looks like. We have been blown away by the children's developing understanding of what respect means and the positive impact it has. It has been amazing to see children applying their understanding of respect across school, showing consideration and thoughtfulness towards others – well done children!

Over the half term, the classrooms have been filled with a brilliant buzz for learning and it has been a real pleasure to see the excitement children have shown towards learning themes and lessons.

Acorn Class have been the busiest of bees. They have explored lots of beautiful books to help them learn all about themselves, feelings and what makes them special and unique. They have also been great explorers, learning all about our school and their learning environments. It has been a real joy to watch them settle so well, forming lovely friendships and becoming confident little learners – well done Acorn Class.

Oak Class have been nature explorers and developed their understanding of seasons. The homework projects which were produced as part of this learning have been excellent. They finished off their learning with a slightly soggy Autumn walk this afternoon.

Elm Class have been adventurers and discussed the key questions, 'Was Christopher Columbus a hero or a villain?' To answer this question, they have learnt all about pirates and explorers, how they travelled and the things they did across history, comparing them to modern day explorers like Tim Peake.

Ash Class have dived into their class novel 'The Last Bear'. They have loved reading the book together and now would like to read the next book in this series. In Science, they have learnt about skeletons and their function. To investigate this, they created a 'Mr Floppy', trying to build a skeleton to hold Mr Floppy up!

Maple Class ended the busy term with a crime scene investigation. The children had to use their senses to investigate the scene and write a report to share their findings with Chief Inspector Littlewood. It is safe to say that Coupe Green is in good hands, with the Maple investigation team in post.

Elder Class have been keen historians, learning all about the Tudors and exploring the question, 'Was Henry VIII a good ruler?' The children wrote balanced arguments to form their answers to this question and thought carefully about his actions whilst he ruled along with his personal characteristics.

Over this half term, Friends of Coupe Green have continued to work hard to raise funds for school projects and organise fun activities for the children. Thank you to all those who made the pumpkin competition and Spooky Sparkly disco possible. Your hard work and dedication to school is truly appreciated.

Friends of Coupe Green and our School Council have been planning events for next half term, with the focus of raising funds for play equipment, chosen by the children, and stage 2 of our playground enhancements.

Next half term, is set to be fun filled and busy as we approach Christmas, which is a magical time of year in school.

We hope that you all have a wonderful half term, filled with rest and family time.

Yours sincerely,

Mrs J Littlewood

Headteacher
